Ten Plays Signet Classics:

The Complete Signet Classic Shakespeare William Shakespeare, 1972 Brings together in one volume editions of all the plays poems and sonnets originally published as individual paperbacks in the New American Library's Signet Classic Shakespeare series With a General Introduction by Professor Barnet introductions to the individual plays by the contributing editors

The Bible's Greatest Stories Paul Roche, 2012 From the awe inspiring story of the Creation to the defeats and triumphs of the Children of Israel and the life death and Resurrection of Jesus here are the greatest accounts from the greatest book ever written presented in an accessible form for contemporary readers Enhanced with annotations Paul Roche's brilliant retelling of these stories is at once impeccably accurate and vibrantly told He brings to life the saga of Joseph and the coat of many colors the drama of the fall of Jericho the heroism of a young David fighting Goliath and the lust of an older David for Bathsheba the glory and wisdom of Solomon the bravery of Judith the dark despair of Job the faith of Daniel in the lion's den the joy of the Nativity and the miracle of the Resurrection These are just a few of the many great biblical stories presented in this masterful translation by a distinguished poet and scholar

The Metatheater of Tennessee Williams Laura Michiels, 2021-07-14 Tennessee Williams characters set the stage for their own dramas Blanche DuBois A Streetcar Named Desire arrived at her sister's apartment with an entire trunk of costumes and props Amanda Wingfield The Glass Menagerie directed her son on how to eat and tries to make her daughter act like a Southern Belle This book argues for the persistence of one metatheatrical strategy running throughout Williams' entire oeuvre each play stages the process through which it came into being and this process consists of a variation on repetition combined with transformation Each chapter takes a detailed reading of one play and its variation on repetition and transformation Specific topics include reproduction in *Sweet Bird of Youth* 1959 mediation in *Something Cloudy Something Clear* 1981 and how the playwright frequently recycled previous works of art including his own

Hellenic Common Philip Zapkin, 2021-08-19 Hellenic Common argues that theatrical adaptations of Greek tragedy exemplify the functioning of a cosmopolitan cultural commonwealth Analyzing plays by Femi Osofisan Moira Buffini Marina Carr Colin Teevan and Yael Farber this book shows how contemporary adapters draw tragic and mythic material from a cultural common and remake those stories for modern audiences Phillip Zapkin theorizes a political economy of adaptation combining both a formal reading of adaptation as an aesthetic practice and a political reading of adaptation as a form of resistance Drawing an ethical centre from Kwame Anthony Appiah's work on cosmopolitanism and Michael Hardt and Antonio Negri's theory of the common Hellenic Common argues that Attic tragedy forms a cultural commonwealth from which dramatists the world over can rework reimagine and restage materials to envision aspirational new worlds through the arts This study will be of great interest to students and scholars of drama adaptation studies literature and neoliberalism

Atheism, Morality, and the Kingdom of God David K. Clark, 2018-11-27 This treatise explores both the beguiling fancy that without God moral virtue is not possible and the dream that human fulfillment awaits the

faithful in an afterlife Kingdom It shows that Jesus Parables of the Kingdom of God once stripped of their deceptive theological overlay reveal an account of real time flourishing that is secular constituted by virtue and incompatible with the life of faith total dedication to a deity Part I establishes that morality and human virtue are indeed fully independent of God's very existence while Parts II and III isolate the prized hermeneutical principle whereby the authentic words of Jesus are set in relief What emerges is Jesus own urgent testimony of a this world kingdom which is the good life for humans the summum bonum This vision anchored in the very tradition of which Jesus was both participant and critic reveals human fulfillment as an achievement which is possible only here and now should we muster the courage to live it [The Information Animal](#)

Astrid Van Weyenberg,2013 This book explores contemporary African adaptations of classical Greek tragedies Six South African and Nigerian dramatic texts by Yael Farber Mark Fleishman Athol Fugard Femi Osofisan and Wole Soyinka are analysed through the thematic lens of resistance revolution reconciliation and mourning The opening chapters focus on plays that mobilize Greek tragedy to inspire political change discussing how Sophocles heroine Antigone is reconfigured as a freedom fighter and how Euripides Dionysos is transformed into a revolutionary leader The later chapters shift the focus to plays that explore the costs and consequences of political change examining how the cycle of violence dramatized in Aeschylus Oresteia trilogy acquires relevance in post apartheid South Africa and how the mourning of Euripides Trojan Women resonates in and beyond Nigeria Throughout the emphasis is on how playwrights through adaptation perform a cultural politics directed at the Europe that has traditionally considered ancient Greece as its property foundation and legitimization Van Weyenberg additionally discusses how contemporary African reworkings of Greek tragedies invite us to reconsider how we think about the genre of tragedy and about the cultural process of adaptation Against George Steiner's famous claim that tragedy has died this book demonstrates that Greek tragedy holds relevance today But it also reveals that adaptations do more than simply keeping the texts they draw on alive through adaptation playwrights open up a space for politics In this dynamic between adaptation and pre text the politics of adaptation is performed **English Journal** ,1998
