10 Week Journey to Mathematics N4 Gerhard Olivier, S. M. De Beer, 1980      **General Catalogue** Berea College, 1915  
The Publishers Weekly, 1906      **Popular Science Monthly and World's Advance**, 1919      **Configurations of Points and Lines** Branko Grünbaum, 2009 This is the only book on the topic of geometric configurations of points and lines. It presents in detail the history of the topic with its surges and declines since its beginning in 1876. It covers all the advances in the field since the revival of interest in geometric configurations some 20 years ago. The author's contributions are central to this revival. In particular, he initiated the study of 4 configurations that is those that contain four points on each line and four lines through each point; the results are fully described in the text. The main novelty in the approach to all geometric configurations is the concentration on their symmetries which make it possible to deal with configurations of rather large sizes. The book brings the readers to the limits of present knowledge in a leisurely way enabling them to enjoy the material as well as entice them to try their hand at expanding it.      **Popular Science Monthly**, 1920      **The Popular Science Monthly**, 1919      **Current Index to Journals in Education**, 2001      **New York Magazine**, 1974-05-27 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea.      Current Index to Journals in Education, Semi-Annual Cumulation, July-December, 1976, 1976-10      **The Annual American Catalog**, 1906      **The Annual American Catalog, 1905**, 1906      **Boys' Life**, 1974-05 Boys' Life is the official youth magazine for the Boy Scouts of America. Published since 1911 it contains a proven mix of news, nature, sports, history, fiction, science, comics, and Scouting.      **The Mechanical World**, 1918      *New York Times Saturday Book Review Supplement*, 1962-11      **New Society**, 1987
