Douglass Geivett, Holly Pivec, 2018-07-25 This critique provides a framework for understanding and interpreting the widespread but little known New Apostolic Reformation movement As the authors state in the preface We write this book with two major goals in mind First to give people an idea of the sheer size and reach of the NAR movement And second to systematize its key teachings and practices and evaluate them on the basis of Scripture and careful reasoning In our judgment the NAR perspective crosses these boundaries that is certain broad parameters revealed in Scripture and practiced in the historical orthodox church and it does so in part because of flawed

theology rooted in a flawed understanding of Scripture      Cross-country Treasure Hunt Gwen Lepkowski,2015-11-02 It began with an unexpected letter in the mail Now Josh Reed and his family are in for the adventure of a lifetime when they agree to go on the ultimate treasure hunt They must follow the clues which will lead them across the United States to see the wonders of God s creation including many national parks and national monuments When challenges arise and dangers threaten will their faith in God and help from each other be enough At the end a treasure waits but will what they find along the way be even more valuable Josh an eleven year old detective in the making has a question of his own Is it his imagination or is someone following them Help Josh and his family decipher the clues record their journey through the states on a map and solve a mystery as well Re released with a new cover For ages 8 12      *New York Court of Appeals.
