The Trinity The Trinity:

The Trinity John M. Farrelly, 2005-01-04 The mystery of the Trinity is the central Christian belief that defines God's essence God's ongoing love for humanity and saving grace Yet over the past few centuries especially in the West Christians have either ceased believing in the Trinity or simply no longer recognize its relevance in their ecclesial or individual lives Written in an ecumenical spirit that engages contemporary questions and theological viewpoints *The Trinity* Rediscovering the Central Christian Mystery articulates the mystery of the Trinity for people formed by modern historical consciousness science awareness of the equal dignity of men and women and respect for world religions By first identifying contemporary problems with the Christian proclamation of the Trinity in our culture and major differences among modern theologians John Farrelly OSB explores Scripture the life and message of Jesus Christ the various stages of the development of Trinitarian doctrine in Christian History the relation of the Trinity to creation and salvation the generation of the Son from the Father within the Trinity and the procession of the Holy Spirit from Father and Son and the meaning of three persons in one God He concludes by reflecting on the implications this renewed theology of the Trinity has for ecclesiology and Christian spirituality in our twenty first century world especially in relation to other world religions *The Trinity* Roger E. Olson, Christopher Hall, 2002-04-04 Appropriately the premier volume in the Guides to Theology series *The Trinity* provides readers with a basic knowledge of the central and most distinctive doctrine of the Christian faith the triune nature of God Concise nontechnical and up to date the book offers a detailed historical and theological description of the doctrine of the Trinity tracing its development from the first days of Christianity through the medieval and Reformation eras and into the modern age Special attention is given to early church controversies and to the church fathers who helped carve out the doctrine of the triune God as well as to the twentieth century renaissance of the doctrine The second part of the book contains a comprehensive annotated bibliography of classical and contemporary works on the doctrine of the Trinity *The Trinity* Woodrow Wilson Whidden, Jerry Moon, John W. Reeve, 2002 Among Seventh day Adventists the doctrine of the Trinity is often taken for granted But increasingly it is opposed by a small minority who have retreated to the anti Trinitarian position of the pioneers In response the authors each a specialist in his field trace the doctrine of the Trinity through Scripture church history and the writings of Ellen G White The first section surveys the biblical foundations of the doctrine and addresses objections that have been raised Other sections trace the development of the doctrine in Christian history in Adventist history and in the writings of Ellen White The authors explain why the doctrine was resisted by many of the leading pioneers The final section asks So what It discusses the theological and practical implications of Trinitarian belief worship and practice showing how it affects what we believe about salvation atonement the great controversy and other significant doctrines With glossaries bibliography and index this comprehensive primer on the Trinity will shed new light on the central beliefs of Christianity and show how God still leads His church into all truth Introduction SECTION ONE The Biblical Evidence for the Full Deity of Christ the

 Scott Swain,2020-10-06 Practical Theology for the Church Today The Trinity is one of the most essential doctrines of the
 Christian faith as it reveals a magnificent truth about God that he is one God eternally existing as three distinct persons
 While Christians often struggle to find the right words to describe the union of Father Son and Spirit the Bible gives clarity
 concerning the triune God s activity in nature creation grace redemption and glory reward In the second installment of the
 Short Studies in Systematic Theology series theologian Scott Swain examines the Trinity presenting its biblical foundations
 systematic theological structure and practical relevance for the church today *The Trinity* Hans Schwarz,2017-09-15 In
 the last thirty years books on the Trinity have abounded There seems to be a fascination with this mysterious topic especially
 among systematic theologians The topic has been mined for many different interests from liberation theology to feminist
 interpretations of the Christian heritage and from neo Reformation theology to interreligious dialogue This book has no
 intention of adding to the plethora of treatises on the Trinity The main question with which it is concerned is what is really
 scripturally tenable with regard to the Trinity and what is unwarranted theological construction or even speculation Through
 this question Schwarz tries to discern whether the theological assertions made about the Trinity are in line with the biblical
 base from which they are derived or whether they have veered off in a more or less questionable direction What takes shape
 here is a story how the doctrine of the Trinity developed over the subsequent centuries from the traces in Scripture to a
 centralized dogma at the heart of Christian teaching We witness in this an evolution from proclamation to controversy to
 speculation What are we to make of this doctrine How do we articulate the biblical faith today **Trinity** Karl
 Rahner,2001-03-04 The ground breaking treatment of the doctrine of the Trinity by one of the most important theologians of
 the century is here reprinted on the 30th anniversary of its original publication In this treatise Karl Rahner analyzes the place
 of the doctrine of the Trinity within Catholic theology and develops his own highly original and innovative reading of the
 doctrine including his now famous dictum Copyright Libri GmbH All rights reserved *Making Sense of the Trinity (Three*

Hill, 1982 A distinguished contribution Hill brings a remarkable breadth of scholarship to his historical overview of classical Trinitarian theology He reviews the biblical sources for the doctrine traces its gradual development among the Latin and Greek fathers and analyzes carefully the Trinitarian theology of Augustine and Aquinas The Journal of Religion Among the doctrines and symbols of Christianity perhaps none has been as subject to theological neglect as that of the Trinity Recently however there have been stirrings in the theological world seeking to remedy this neglect The present volume a historical and systematic investigation of the doctrine of the Trinity is intended as one contribution to this renewed theological discussion of the trinity of God In the first part the author examines the New Testament matrix of an emerging trinitarianism the shaping of the tradition by the Greek fathers and the systematization of the doctrine in Augustine and medieval Scholasticism The second part explores the post Enlightenment understanding of the Trinity in Schleiermacher and Hegel and the twentieth century interpretation of Barth Tillich Rahner Pannenberg Moltmann Muhlen Whitehead and others The historical and critical parts lay the foundation for the third part of this study a contemporary reinterpretation of the Trinity which complements Aquinas's metaphysical concept of person with psychological and subjective dimensions brought out by contemporary thinkers The result of the rethinking of the Trinity is an understanding of God not as self enclosed Absolute but as self communicating personal deity William J Hill O P is Professor Emeritus of Theology at The Catholic University of America He received his S T D degree from the University of St Thomas Angelicum Rome and has taught at the Dominican House of Studies of Washington D C He has written numerous articles on theology and religion and is author of *Knowing the Unknown God* *The Trinity As Revealed in the Old Testament* Ford Wilson, 2007-03 Knowing God and His attributes how He saves and answers prayer is foundational to all truth and eternal life Section one deals with proper attitudes we bring to the Old Testament text knowing it is God's self revelation Section two points out passages where two Persons manifest divine attributes or are called God Jehovah or Lord and Who is the Angel of the Lord Section three explains the texts where three Persons are called God Jehovah or Creator

and love While comprehensive in his treatment of the theological and anthropological dimensions of the Trinity Boff is especially interested in the social implications In the Trinity we find a program of liberation to the infinite degree difference and distinction equality and perfect communion The Holy Trinity is among other things the image of the perfect community At the same time in the Trinity we find the best image of the church not a hierarchy of power but a community of diverse gifts and functions Thus comprehension of the Trinity in which God comes out to meet us in the full realization of our yearnings empowers our efforts for a better world and a more faithful church Book jacket Jacket *The Trinity* Gilles Emery, 2012-08-07 A sound introduction to a crucial doctrine Emery's prose is scholarly yet widely accessible at once traditional and constructive Themelios Representing the highest quality of scholarship Gilles Emery offers a much anticipated exploration to Catholic doctrine on the Trinity His extensive research combined with lucid prose provides readers a resource to better understand the foundations of Trinitarian reflection and addresses all who wish to benefit from an initiation to Trinitarian doctrine The path proposed by this introductory work comprises six steps from liturgical and biblical ways for entering into Trinitarian faith to the creative and saving action of the Trinity The book concludes with a doctrinal exposition of the missions of the Son and Holy Spirit that is the salvific sending of the Son and Holy Spirit that leads humankind to the contemplation of the Father Trinitarian doctrine is not easy but Emery with his translator has rendered it intelligible and attractive Exegetes theologians historians and liturgists alike will find the Trinity related to their discipline Most importantly The Trinity will prepare its readers to enter higher levels of discussion about the Trinity Sacra Pagina
