The Ufo Controversy In America:

The UFO Controversy in America David Michael Jacobs,1975 *Extraterrestrials and the American Zeitgeist* Aaron John Gulyas,2013-05-20 Since the 1950s men and women around the world have claimed to have had contact with human like visitors from space This book explores how the contactee subculture has critiqued political social and cultural trends in the United States Europe and elsewhere Not merely quaint relics of the 1950s Atomic Age contactees have continued their messages of transformation into the 21st century Regardless of whether these alleged contacts took the form of physical meetings or channeled paranormal psychic communications or whether they actually happened at all contactees have provided a consistently relevant source of commentary on this world and beyond **UFOs and Abductions** David Michael Jacobs,2000 Examining the nature of UFO evidence the authors present a primer for scholars skeptics and others uneasy about investigating the field of UFOs The volume also brings together three bestselling authors David M Jacobs Budd Hopkins and Pulitzer Prize winner John Mack widely known for their writings on the controversial alien abduction phenomenon **UFO** Garrett M. Graff,2024-11-12 One of the rare books on the topic that manages to be both entertaining and factually grounded The Wall Street Journal From the bestselling author of *Raven Rock* *The Only Plane in the Sky* and Watergate finalist for the Pulitzer Prize in history comes the first comprehensive and eye opening exploration of our government s decades long quest to solve one of humanity s greatest mysteries Are we alone in the universe For as long as we have looked to the skies the question of whether life on earth is the only life to exist has been at the core of the human experience driving scientific debate and discovery shaping spiritual belief and prompting existential thought across borders and generations It s one of our culture s favorite conversations and yet the idea of extraterrestrial intelligence has been largely banished to the realm of fantasy and conspiracy Now for the first time the full story of our national obsession with UFOs and the covert search by scientists the United States military and the CIA for proof of alien life is told by bestselling author and Pulitzer Prize finalist Garrett M Graff in a deeply reported and researched history It begins in 1947 when two headline making sightings of strange flying objects prompt the US Air Force s newly formed Department of Defense to create a series of secret programs to determine how unidentified phenomena may pose a threat to national security Over the next half century as the atomic age gives way to the space race and the Cold War the mission continues bringing together an unexpected group of astronomers military officials civilian contactees and true believers who bring us closer then further then closer again to answering one of our most enduring questions What exactly is out there Drawing from original archival research declassified documents and interviews with senior intelligence and military officials Graff brings readers a story that s Loads of fun a fascinating deep dive down the rabbit hole Publishers Weekly **UFOs: God's Chariots?** Ted Peters,2014-05-19 Are UFOs celestial saviors coming to save Earth from self destruction Are UFOnauts advancing human evolution by birthing hybrid children Is it time for a new astrotheology that enshrines the UFO phenomenon at the same level

as the space sciences at NASA and SETI UFOs God's Chariots uncovers and exposes the clandestine spiritual dimensions within the UFO phenomenon. UFOs vibrate with transcendence, omniscience, perfection and redemption. UFOs God's Chariots delves deeply into government conspiracies, analyzes the newest models of close encounter interpretation and reveals the results of The Peters ETI Religious Crisis Survey in which self-identified believers were asked if making contact with an intelligent extraterrestrial civilization would undermine our historic religious traditions. They said no. Does this mean we're ready to share our pews with aliens? The UFO Unidentified flying object controversy in America David Michael

Jacobs, 1975 **The Occult in America** Howard Kerr, Charles L. Crow, 1986 Provides information on the occult over various periods of time. Truth About the Ufo Crash at Roswell Kevin D. Randle, 1994-03-25 The true story of the crash of an alien spacecraft with a crew of five near Roswell, New Mexico and the great lengths federal agencies went to keep the news from becoming public. America's Alternative Religions Timothy Miller, 1995-01-01 This is a source of reliable information on the most important new and alternative religions covering history, theology, impact on the culture and current status. It includes a chapter on the Branch Davidians. Conspiracy Theories in American History: N-Z Peter Knight, 2003 The first comprehensive history of conspiracies and conspiracy theories in the United States. A reference guide to conspiracy theory presents over 300 entries describing events and theories analyzing the historical, intellectual and political context of each and offering evidence to support or refute each one. **Secret Life** David M. Jacobs, 1993-04-16 Revealing and unsettling interviews with over sixty real life individuals who claim they were abducted by aliens from the author of The UFO Controversy in America. In Secret Life, retired professor David M. Jacobs takes us into the private world of those abducted by aliens, letting them describe in their own words what it is like to be abducted. Based on interviews with sixty individuals and more than 300 independently corroborated accounts, Secret Life presents the most complete and accurate picture of alien abductions ever compiled. Dr. Jacobs takes the reader on a minute by minute journey through a typical abduction experience and describes in detail the bizarre physical, mental and reproductive procedures that abductees claim have been administered by small alien beings. Jacobs draws from these interviews a profoundly unsettling reason behind the abductions: aliens are conducting a complex reproductive experiment involving the conception, gestation or incubation of human and alien hybrid beings. **The UFO Phenomenon**, 1997 **The UFO Literature** Richard Michael Rasmussen, 1985

MUFON 1987 UFO Symposium Proceedings Walter H. Andrus, Richard Hall, 1987 Flying Saucers Otto Billig, 1982 Watch the Skies! Curtis Peebles, 1995 Narrates the belief in alien visitors to the earth since the 1940s when their spacecraft began to be described consistently as saucer shaped. Discusses the various divisions and feuds within the movement, its evolution through the decades and its relation to believers' beliefs about the government, military and other aspects of society. A debunking rather than a sociological study. Annotation copyright by Book News Inc Portland OR **The U.F.O.
