The Unbreakable Child Kim Michele Richardson, 2010 A riveting heart wrenching journey inside the secretive underbelly of the Saint Thomas Orphan Asylum in rural Kentucky

Predatory Nuns Brian Titley, 2022-06-24 Since the first scandals broke in the mid 1980s the sexual misconducts of priests have cost the Catholic Church in America more than 4 billion in compensation settlements and incalculable damage to its reputation Although their crimes have attracted far less attention predatory nuns have also caused harm The depredations of these nuns took place in convent novitiates orphanages boarding schools for Native Americans and in Catholic schools both elementary and secondary Their victims male and female ranged in age from six year olds to young adults This book focuses on the criminal behavior of North American nuns and the responses from church leadership Mothers superior were outspoken in their refusal to accept responsibility for the crimes committed under their watch and their inclination was to close ranks and protect the predators endangering many children and young people in the process The complainants on the other hand were considered nuisances to be pushed aside with the least amount of exposure and expense possible Straightforward and informative this text begins by exploring the nuns vow of chastity and its relationship with human sexuality followed by dozens of case studies detailing the sexual abuse that nuns committed in various settings

The Dozier School for Boys Elizabeth A. Murray, PhD, 2019-09-03 Some true crimes reveal themselves in bits and pieces over time One such case is the Florida School for Boys aka the Dozier School a place where rather than reforming the children in their care school officials tortured raped and killed them Opened in 1900 the school closed in 2011 after a Department of Justice investigation substantiated allegations of routine beatings and killings made by about 100 survivors Thus far forensic anthropologist Dr Erin Kimmerle and her team from the University of South Florida have uncovered fifty five sets of human remains Follow this story of institutional abuse the brave survivors who spoke their truth and the scientists and others who brought it to light

The Nation's Highest Honor James Gaitis, 2009 At an unspecified time in the near future the world has enjoyed decades of peace and prosperity thanks to the world wide dissemination of an anti violence vaccine that was invented by a ruthless industrialist named Nolebody When scientists discover that the vaccine has a half life and that this half life has already been reached the administration is not prepared to keep order since the military has been disbanded and no one knows how to operate the obsolete weaponry In a cynical plot to restore stability the government's leaders resolve to award the nation's highest honour the Nolebody Award on a reclusive somewhat dim witted man who lives in a shack in the desert and fashions sculptures from feathers dead lizards and other found objects Leonard Bentwood's simple life and values are touted as the epitome of good citizenship and national pride The unwitting Bentwood accepts and travels to the capital to accept the award

In a staggering example of the power of unintended consequences his acceptance speech triggers a revolution that sweeps the government from power This wise and thoughtful fable entertains as it lampoons governments of every stripe The Boy Made of Shining Happiness Geoffrey Riddell,2014-08-16 This book is about being a boy forever One boy and his space ship are part of an endless war There is only a very long and uncertain way home But Litmus is up for the challenge and most of the time he is busy just having fun being himself **The Sisters of Glass Ferry** Kim Michele Richardson,2020-06-30
