*Aligned to Achieve* Tracy Eiler,Andrea Austin,2016-09-01 A smart practical guide to rocket powered business growth Aligned to Achieve puts sales and marketing on the same page creating a revenue dream team that will drive your organization to new heights Smart practical explanations case studies and tips guide you toward action over theory and dozens of examples illustrate the tangible effects of these changes in action at business to business companies Written by sales and marketing executives who have made alignment work this book is directed toward practitioners and leaders seeking to crack the code of sales and marketing alignment Contributions by industry thought leaders and B2B executives provide fresh perspective and nuanced direction while thoughtful strategic and well supported guidance throughout helps you remove the obstacles standing in the way of your organization's financial and strategic goals Misalignment between sales and marketing is an age old problem frequently lamented but seldom addressed As this schism grows amidst the evolving marketplace its effects on top and bottom line performance are being felt more than ever before This book shows you how to bring sales and marketing together effectively once and for all leveraging their strengths to build an unstoppable force for growth Understand the cost of misalignment and the driving forces behind it Learn strategies for improving your culture process leadership and technology to initiate and support alignment Identify the best places to modify your sales and marketing programs to kickstart collaboration and cooperation between your teams Discover how other companies are uniting their sales and marketing teams into a single force for growth Walk away with practical advice on how to apply recommendation in the real world Misalignment is frustrating for everyone in sales marketing and leadership It's also detrimental to your organization's performance but the problem is not insurmountable In fact most of the obstacles it creates are self inflicted and entirely within control of leadership Aligned to Achieve helps you identify and remove those obstacles and build a culture of sustainable growth

*Strategic Sales Management* Peter Buchenau,2023-09-29 Sales is a CEO's job or at least it should be But many entrepreneurs and managers come from other disciplines such as legal production or product marketing or they may have inherited the business In most companies a sales director is responsible for the operational management of the sales department However sales also need to be considered strategically in terms of the business the products or even the target market for which many entrepreneurs or sales managers unfortunately lack the time or even the knowledge In this book experienced interim managers reveal the most important and necessary strategic methods and approaches to maintain and lead competitiveness for years to come Readers will benefit from the first hand insights of prominent and internationally experienced interim managers such as Ulvi Aydin Uwe Brüggemann Michael Eckardt Ulrich Girrbach Elmar Gorich Ralf Komor Peter Kuhle Siegfried Lettmann Thomas Mertens Stephan Rohe Rainer Simmoleit and Stefan Zeiss Practitioners and MBA students in particular will benefit from these insights into what makes strategic sales management successful

*User Tested* Janelle Estes,Andy MacMillan,2022-02-15 An insightful discussion

and practical guide on how to put customers back into the center of your business model. With so many digital experiences touching our lives and businesses, it's understandable to feel like you're drowning in data. There's a dashboard or chart for just about everything, but data alone can't help you understand and empathize with your customers. No amount of it will take you inside their heads, help you see the world through their eyes, or let you experience what it's really like to be your customer. Only human insight from real people can do that. *User Tested* gives both individual contributors and executives an approachable, pragmatic playbook for stepping beyond standard business metrics and infusing real human insight into every business decision, design, and experience. In this book, you'll learn how businesses became obsessed with data but disconnected from their customers and why that's not sustainable. Get the basics about how to capture human insight through user testing, including how to find the right people, ask the right questions, and make sense of and act on all the insights you uncover. Dive into a detailed playbook that shares real-world examples of how you can collect and scale human insight across the teams in your organization, from marketing to product and beyond. Learn how to evangelize the power of human insight throughout your organization so every department can create a culture of customer empathy and share a firsthand understanding of customer needs. Find out how companies like Microsoft, AAA Club, Alliance, HelloFresh, and Notre Dame's IDEA Center solidly connect with and elicit meaningful feedback from customers in friendlier, faster, and more direct ways. Perfect for any industry, *User Tested: How the World's Top Companies Use Human Insight to Create Great Experiences* was co-authored by the chief insights officer and the CEO of UserTesting, a SaaS company fundamentally changing the way both B2B and consumer brands find out what real people think and feel. The book reflects the authors' commitment to helping you position the customer squarely in the center of your business model by weaving their true voices throughout your company's decision making.

**Licensing Update 2016 Edition** Battersby, Grimes, 2016-04-20

*Licensing Update 2016* is the definitive one-volume handbook covering the year's most significant cases and developments in licensing. It identifies critical trends that licensing professionals and practitioners must understand thoroughly in this rapidly evolving area. Up-to-date, incisive, analytical, and essential, this valuable manual helps you keep up with the explosive pace of licensing with guidance from licensing experts in their area of specialty. You'll find in-depth insights and valuable analysis on recent developments and important trends of licensing issues from leading practitioners who are experts in their field. *Licensing Update 2016* is organized as a handy "quick reference" to help you save time in structuring stronger agreements to protect your licensing interest. You'll get extensive coverage of developments in audit and accounting practices, tax considerations, antitrust concerns, and many of the bottom-line issues that you need to address to ensure day-to-day profitability of your license agreements.

*Personalized Law* Omri Ben-Shahar, Ariel Porat, 2021-05-17

We live in a world of "one size fits all" law. People are different, but the laws that govern them are uniform. Personalized Law rules that vary

person by person will change that Individual tailoring becomes increasingly possible as technology and data combine and law and regulation could similarly be applied based on personalised subjective criteria Better drivers would be free to drive faster more vulnerable consumers would receive stronger warranties and protections age restrictions for driving or for the consumption of alcohol would vary according the recklessness risk that each person poses and licensing requirements would be more demanding for the less skilled This book is the first to explore how personalized law can be designed to deliver precision and justice how data and algorithms might run the system and what pitfalls the regime would have to prudently avoid Omri Ben Shahar and Ariel Porat not only present this concept in a clear easily accessible way but they offer specific examples of how personalized law may be implemented across a variety of real life applications

### **Contextual Pricing:**

**The Death of List Price and the New Market Reality** Robert Docters, Michael Barzelay, John G. Hanson, Cecilia Nguyen, 2011-10-19 A REVOLUTIONARY NEW PERSPECTIVE ON HOW PRICING REALLY WORKS Contextual Pricing delivers a knock out punch to complacent and low return pricing approaches This book is full of intriguing fresh insights which will expand your perspective on what is possible in maximizing revenue from your company's products and services Mark Greatrex Chief Marketing Officer Cox Communications and former SVP Global Still Beverages The Coca Cola Company To effectively price managers must understand market context the frame of reference for buyers Context is far more important than the usual measures of price variation I strongly recommend this readable and useful book to any business leader who suspects his or her company is falling short of achievable revenues Dave Calhoun Chairman and CEO Nielsen Company and former Vice Chairman General Electric Company About the Book A few leading companies have jettisoned ideas about pricing that other companies believe are indispensable The result has been superior performance against competitors who persist in a simplistic 1990s belief in value Contextual Pricing describes how buyers are influenced by comparison points and contextual messages more than by actual price levels Identical products can sell at radically different prices to the same target customer if context is strategically managed This fact is how Procter Gamble GE Coca Cola Company Amazon Google Microsoft and others make sure they get the best possible price The use of context is changing the way companies price and sell in the new global economy This readable and market tested book describes the contextual pricing perspective how it is being used in B2B and B2C markets and how you can make the shift to contextual pricing in your own business Whether you're a CEO P L manager marketing director sales manager or entrepreneur Contextual Pricing shows you how to Understand how your customer will make buying decisions and the role of pricing in those decisions Establish better more intuitive prices using context Develop contextual pricing strategies that defeat competitor pricing how contextual pricing can be the antidote to destructive price wars Harmonize your pricing with branding product development and channel strategies Increase your profits with proven pricing tools such as scientific bundling tiering branding upsell hooks and more Through its illuminating case by case studies Contextual Pricing delivers a wide range of pricing techniques

and customer insights that you won't find anywhere else. You'll learn how to avoid common pitfalls when raising or lowering prices and discover how you can compete in traditional or emerging digital marketplaces and beat the competition through superior tactics not through lower margins. When you know the secrets of Contextual Pricing you can name your price, drive your sales, increase your profits and own your success.
