

Fire Alarm Systems (Continued)

When an alarm is activated from any floor, the floor where the alarm originates, and the floor above and below will receive the **Evacuation Tone and Announcement**.

When the Evacuation Tone is Heard

- Follow the directions of your Fire Safety Team.
- Do not wait for announcements. Remain calm and immediately evacuate via the nearest fire exit, closing all doors behind you (take your suite key). Before opening the door, feel the knob for heat. If it is not hot, brace yourself against the door and open it slightly. If you feel air pressure or a hot draft, close the door quickly.
- If you encounter smoke in the corridor or stairwell, use the other Exit stairwell located on your floor area. Crossover floors are located on approximately every five floors with signs posted on the exit door.
- Do not use the elevators, as they will automatically home to the ground floor.
- Do not return until a Fire Official or Brookfield personnel has announced that the alarm condition has been cleared."

When the Alert Announcement is Heard

- Standby, and follow directions as announced.

Evacuating Endangered Occupants

If you cannot leave your area, or have to return to it because of heavy smoke or fire, remain calm and:

- Close the Door
- Unlock the door in the event fire fighters may need to enter the area.
- Seal all cracks where smoke may get in (e.g. under the door, air conditioning and heating vents).
- If you require assistance for evacuation, dial 911 and tell the TORONTO FIRE DEPARTMENT where you are. Signal to the fire fighters by taping a large "X" on the window of your location.
- Crouch low to the floor if smoke comes into the room.
- Move to the most protected room.
- Remain calm and wait to be rescued.

Life Safety Team

The primary responsibility for the safety of employees rests with each tenant. Tenants are encouraged to appoint responsible and dependable employees to act as Fire Wardens and Fire Warden Assistants forming your Life Safety Team. The responsibility of the team is:

- Compile a list of employees who require assistance to evacuate the building.
- Attend Meetings on emergency procedures
- Have a detailed knowledge of the floor and location of each stairwell and crossover floors.
- Organize evacuation at the nearest exit during a fire alarm.
- Ensure all employees have evacuated your office.
- Provide training to all employees on evacuation procedures.
