**Microbreweries, Nanobreweries, and Brewpubs** Joseph Peter

Klapatch, 2023-05-09 In the mid 1980s the American beer market offered far fewer options than what is available today. When microbreweries began to come onto the scene, distributors and retailers were skeptical of their new beers and did not believe that these new American brews would be able to compete with imports. Newer smaller brewers also had to overcome antiquated laws and strong consumer brand loyalty to major domestic beers. After years of struggles, microbrewers established a foothold in the American beer market, popularizing new and previously underappreciated styles and setting the stage for a massive proliferation of nanobreweries across the country. This book takes a look at these microbreweries, prime examples of American enterprise and innovation from an industry outsider's perspective. The author explores a select number of small breweries from around the United States, covering their signature brews, histories, and what it took for them to claim their niches in the marketplace.

*Secrets from the Agatha Christie Archives* Jared Cade, 2025-02-05 The untold story of how Agatha Christie conquered the serial market with her thrilling mysteries. Dame Agatha Christie reigns supreme as the Queen of Crime. Numerous books have been written about the legendary crime writer, focusing on nearly every aspect of her craft. But until now, no one has carried out an in-depth investigation into how she conquered the serial market with her thrilling tales of murder and intrigue. In the UK and US, Agatha Christie's work was serialized in the most prestigious magazines and newspapers of the day, often under an array of different titles, prior to being published by Collins and Dodd Mead and Company. Second serial rights could result in a single title being syndicated to over 40 newspapers. Over the decades, numerous records have been lost or destroyed, and keeping track of her literary legacy has proved a major challenge for her publishers, literary agents, and others. Until now, Jared Cade, author of the groundbreaking biography *Agatha Christie and the Eleven Missing Days*, has unearthed a huge plethora of hitherto unknown facts about the timeline of her publishing history that will delight her devotees and enable future generations to write about her work with far greater authority and accuracy than ever before, especially when correlating her publications to the parallels in her life. Illustrated with rare pictures, *Secrets from the Agatha Christie Archives* is destined to become an essential reference tool for fans, librarians, scholars, antiquarian booksellers, broadcasters, and others interested in the making of one of the 20th century's most beloved writers. Jared Cade is an acknowledged authority on Christianna Crime Time.

**Death by Drowning** Agatha Christie, 2013-06-18 Previously published in the print anthology *The Thirteen Problems*.

A young girl finds out she's pregnant and throws herself off a bridge, but Miss Marple is not so sure it was suicide.

**The Tuesday Club Murders** Agatha Christie, 2007 At a meeting of the Tuesday Club, the members ask Miss Marple to find the solutions for strange and baffling mysteries.

**Liminality in Fantastic Fiction** Sandor Klapcsik, 2012-01-09 This critical work diversifies Victor Turner's concept of liminality, a basic category of postmodernism in which distinct categories and hierarchies are questioned and limits erode. Liminality involves an oscillation between cultural institutions, genre conventions, narrative perspectives, and thematic binary oppositions.

Grounded on this notion the text investigates the liminality in Agatha Christie's detective fiction Neil Gaiman's fantasy stories and Stanislaw Lem's and Philip K. Dick's science fiction. Through an examination of destabilized norms this analysis demonstrates that liminality is a key element in the changing trends of fantastic texts. The Thirteen Problems, Etc. Agatha Christie, 1961. **The Tuesday Club Murders** Agatha Christie, 1984-02-01. The Tuesday Night Club is to meet every week and each member in turn has to propound a problem. Some mystery of which they have a personal knowledge and to which of course they know the answer.
