What's the Secret? John R. DiJulius, III, 2011-01-07 What's the Secret gives you an inside look at the world class customer service strategies of some of today's best companies. You'll learn how companies like Disney, Nordstrom, and The Ritz Carlton get 50,000 employees to deliver world class customer service on a consistent basis and how your company can too. Packed with insider knowledge and a wealth of proven best practices, author John DiJulius will show you how your company can emulate the world's best customer service providers.

[The Customer Service Solution: Managing Emotions, Trust, and Control to Win Your Customer's Business](#) Sriram Dasu, Richard B. Chase, 2013-07-17 Understand Consumer Psychology to Drive Profits and Growth. Want to know exactly what's driving your customer's behavior? NOW YOU CAN! The Customer Service Solution explains how consumers perceive services and shows you how to enhance the customer experience every time. In this economic climate, the customer service experience is more critical than ever. Most leading service firms advocate the TLC mantra: Think Like a Customer. That's a good practice, but first you have to understand what your customer is thinking and feeling. Today's business leaders cannot afford to neglect the psychological principles that govern customer satisfaction and long term loyalty. What are the factors that really determine customer satisfaction? Two of the nation's leading authorities on service psychology, Sriram Dasu and Richard Chase, have written this groundbreaking guide that identifies and demystifies the psychological triggers behind customer behavior. You'll go where customer satisfaction surveys, mystery shoppers, and focus groups can't and learn exactly why customers respond and behave the way they do. With findings drawn from behavioral science research, this book provides all the tools you need to evaluate your current service platforms and design future strategies to enhance customer perceptions positively and drive your sales. The Customer Service Solution illustrates why even companies with high levels of satisfaction are missing tremendous opportunities by neglecting the emotional elements that govern consumer interactions. This book will show you how to Shape and manage customer perceptions. Understand implicit versus explicit outcomes. Develop the roles of control and choice among buyers. Design emotionally intelligent processes. Build trust among customers. Whatever your business may be—healthcare, hospitality, financial services, e-commerce, and more—this book is an essential tool to help you increase profits by leveraging your company's customer experience.

Customer Service for Hospitality and Tourism Simon Hudson, Louise Hudson, 2012-11-02 Customer service is of critical importance for the tourism and hospitality sector now more than ever before as customers are looking to increase value for money and are less forgiving of mediocre service. However, despite its importance, quality customer service is the exception rather than the norm in many parts of the world. Customer Service for Hospitality and Tourism is a unique text and vital to both students and practitioners as it explains not only the theory behind the importance of customer service but also acts as a guidebook for those wishing to put this theory into practice. In essence, it is the whys and hows of customer service. It is easy to read, very current, and full of references to all the latest research from both academic and practitioner literature. Chapters cover important topics such as the financial and behavioural consequences of customer service, consumer trends influencing service, developing and maintaining a service culture, managing service encounters, the importance of market research, building and maintaining customer relationships, providing customer service through the servicescape, the impact of technology on customer service, the importance of service recovery, and promoting customer service internally and externally. Key features include An At Your Service Spotlight at the beginning of each chapter, which focuses on the achievements of successful individuals related to the art of customer service. Each chapter contains a Service Snapshot, short real life cases to illustrate a particular concept or theoretical principle presented in the chapter. Detailed international Case Studies, which cover a variety of sectors, organizations, and regions, designed to foster critical thinking. The cases illustrate actual business scenarios that stress several concepts found in the chapter. They analyze customer service in the US, South America, South Africa, Europe, Russia, Australia, China, Canada, Korea, and Dubai.

[Mental Health Nursing Care](#) Linda Eby, Nancy Jo Brown (RN), 2005 For Fundamentals of Nursing Psychiatric Mental Health Nursing, Psychosocial Nursing and Nursing Specialty LPN LVN courses Part of the LPN LVN specific series this practical guide to applying the nursing process to the care of clients with psychiatric disorders and general clients with psychosocial issues teaches psychiatric mental health nursing as it is really practiced by practical vocational nurses. Students are encouraged to develop empathy for clients and critical thinking skills to meet the challenges of client care. Case studies, client examples and statements from clients in their own words help students understand psychiatric and psychosocial nursing practice. The book is written with the knowledge that not all LPN LVN nursing students have the opportunity to have psychiatric nursing clinical experiences. All nurses will work with clients who have mental disorders or psychosocial needs.
