Performing Female Blackness Naila Keleta-Mae,2023-06-20 Performing Female Blackness examines race gender and nation in Black life using critical race feminist and performance studies methodologies This book examines what private and public performances of female blackness reveal about race gender and nation and considers how the land widely known as Canada shapes these performances By exploring Black expressive culture in familial literary and performance settings Naila Keleta Mae theorizes that perpetual performance forces people who are read as female and Black to always be figuratively on stage regardless of

cultural political or historical contexts Written in poetry prose and journal form and drawing from the author s own life and artistic works Performing Female Blackness is ideal not only for scholars educators and students of the humanities social sciences and fine arts but also for artists and the general public too **Terms & Conditions** R.,2021-04-22 Master satirist tackles the contract everyone agrees to but no one reads For his newest project R Sikoryak tackles the monstrously and infamously dense legal document iTunes Terms and Conditions the contract everyone agrees to but no one reads In a word for word 94 page adaptation Sikoryak hilariously turns the agreement on its head each page features an avatar of Apple cofounder and legendary visionary Steve Jobs juxtaposed with a different classic strip such as Mort Walker s Beetle Bailey or a contemporary graphic novel such as Craig Thompson s Blankets or Marjane Satrapi s Persepolis Adapting the legalese of the iTunes Terms and Conditions into another medium seems like an unfathomable undertaking yet Sikoryak creates a surprisingly readable document far different from its original purely textual incarnation and thus proving the accessibility and flexibility of comics When Sikoryak parodies Kate Beaton s Hark A Vagrant peasant comics with Steve Jobs discussing objectionable material or Homer Simpson as Steve Jobs warning of the penalties of copyright infringement Terms and Conditions serves as a surreal record of our modern digital age where technology competes with enduringly ironclad

Davis,1992 Relating Worlds of Racism Philomena Essed,Karen Farquharson,Kathryn Pillay,Elisa Joy White,2018-08-20 This international edited collection examines how racism trajectories and manifestations in different locations relate and influence each other The book unmasks and foregrounds the ways in which notions of European Whiteness have found form in a variety of global contexts that continue to sustain racism as an operational norm resulting in exclusion violence human rights violations isolation and limited full citizenship for individuals who are not racialised as White The chapters in this book specifically implicate European Whiteness whether attempting to reflect negate or obtain it in social structures that facilitate and normalise racism The authors interrogate the dehumanisation of Blackness arguing that dehumanisation enables the continuation of racism in White dominated societies As such the book explores instances of dehumanisation across different contexts highlighting that although the forms may be locally specific the outcomes are continually negative for those racialised as Black The volume is refreshingly extensive in its analyses of racism beyond Europe and the United States including contributions from Africa South America and Australia and illuminates previously unexplored manifestations of racism across the globe The New Music Review and Church Music Review ,1923 **Software Reviews on File** ,1989 Micro Software Report Jeanne M. considered as a fourth required performance vector different from all other three. However organizational optimization requires all four the why where what and how. The theory of business Drucker is the why the company makes sense. The reality assumptions the organization is grounded upon. What it is paid for. The business model Porter is the what the basic pillars of a firm's organization. How it transforms client satisfaction into value for itself. Strategy Joffre is the where the choice of 1 geographical areas 2 industries and 3 within them of segments. And tactics is the how respecting to the nine functional areas from marketing Kotler to human resources to how to advertise how to motivate etc. Four inferences follow. All four drivers are necessary conditions none sufficient. They interrelate some impacting on others. They must fit reinforcing each other and They should be periodically reviewed under a sequence of steps. This is illustrated by the book's detailed examples of e.g. Nike, Dollar Shave Club, Spotify, SpaceX, Vend, me, Sears, IBM, Apple Music, McDonald's, Marks, Spencer, Canva, SolarCity, Farfetch etc. The fundamental message is that neglect of any of the four drivers brings efficiency doing things right the Phronesis of Aristotle at the cost of lower effectiveness doing the right things the Chokhmah of Solomon. With more and more resources producing less and less underperformance will follow
