**Collections 2001** HSP,2000-03 Adopted by Rowan Salisbury Schools      **Debates in Primary Education** Virginia  
Bower,2020-10-19 This powerful text encourages both pre service and established teachers as well as teacher educators to  
engage with contemporary debates in primary education Promoting a critical approach the chapters explore a wide range of  
key themes including the importance of values in primary education and the imperative for a curriculum which embraces the  
whole range of available subjects At the same time the chapters are underpinned by a belief that children should be at the  
heart of all the decisions we make and that primary education should inspire a love of learning for life The book aims to  
support practitioners to make informed judgements and feel confident to argue their point of view with deeper theoretical  
knowledge and understanding thus increasing teacher agency and confidence in responding to complex educational and  
social dilemmas such as literacy levels and rising mental health concerns Chapters encompass both the macro aspects of  
primary education and more specialised debates on key topics such as reading mathematics languages early years education  
and the use of technology With annotated further reading and reflective questions this key text is essential reading for all  
those wanting to develop a better understanding of the issues that shape their practice including student teachers at both  
undergraduate and postgraduate level practising teachers engaged in continuing professional development and teacher
