Read the short passage and answer the questions.

## The Dog and the Shadow

It happened that a Dog had got a piece of meat and was carrying it home in his mouth to eat it in peace. Now on his way home, he had to cross a plank lying across a running brook. As he crossed, he looked down and saw his own shadow reflected in the water beneath. Thinking it was another dog with another piece of meat, he made up his mind to have that also. So he made a snap at the shadow in the water, but as he opened his mouth the piece of meat fell out, dropped into the water and was never seen more.

*International Conference on Lifelong Education and Leadership for All (ICLEL 2023)* Osman Titrek,Carlos Sousa de Reis,José Gijon Puerta,2024-02-28 This is an open access book We are delighted to invite you to the 9th International Conference on Lifelong Education and Leadership for All to be held July 06 08 2023 at the University of Coimbra Portugal The main topic of ICLEL 2023 is Entrepreneurship Creativity and Education *Khaled Hosseini Ayse Gökce,2011* Seminar paper from the year 2011 in the subject English Pedagogy Didactics Literature Studies grade 1 7 Friedrich Alexander University Erlangen Nuremberg Lehrstuhl Fremdsprachendidaktik course Seminar Young Adult Fiction language English abstract Teaching English as a foreign language means a great challenge which would certainly be answered by all English teachers in the affirmative Today every school in Germany offers English as school

subject even the primary schools. Consequently it must be put great emphasis on teaching it accurately by taking into consideration any aspect of English language acquisition when learning it for example the acquisition of a distinctive vocabulary the ability to use grammar rules correctly the ability to spell correctly the ability to understand what is been said when native speakers talk in English which we call listening comprehension. Another very important part of learning English as a foreign language is undisputedly reading comprehension. The ability to read out correctly to understand what is been read and to be able to work with a text effectively is not only a competence that should be concentrated on in the foreign language but also in the mother tongue. The PISA Study is a perfect proof of this which will be mentioned later on. In this paper I will try to accentuate the importance and significance of reading in the English class. In order to illustrate this I will introduce the novel *A Thousand Splendid Suns* by Khaled Hosseini an American author and doctor with Afghan origins and use it for the elaboration of the importance of reading activities in the English class. Initially I will focus on the didactic analysis which includes the reference to the syllabus. The syllabus is of course the signpost in terms of guidelines when planning the lessons choosing age appropriate media and methods. What role does reading play in this context? What is said in the syllabus when it comes to reading?
