**The American Historical Review** John Franklin Jameson, Henry Eldridge Bourne, Robert Livingston Schuyler, 1904  
American Historical Review is the oldest scholarly journal of history in the United States and the largest in the world  
Published by the American Historical Association it covers all areas of historical research *The English Historical Review*  
Mandell Creighton, Justin Winsor, Samuel Rawson Gardiner, Reginald Lane Poole, Sir John Goronwy Edwards, 1920 **The

Review** Arthur Cayley Headlam, 1885 **Gaming Democracy** Adrienne L. Massanari, 2024-10-29 How play and gaming  
culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far  
right has gone mainstream In Gaming Democracy Adrienne Massanari tracks the flames of toxicity found in the far right and  
alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to  
the fields of internet studies game studies and gender studies Massanari argues that Silicon Valley's emphasis on  
meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media  
spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to  
game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such  
as QAnon parental rights activism and COVID denialism are uniquely of the internet with supporters demonstrating both  
technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent  
Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of  
community within these leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well  
as the concept of metagaming Gaming Democracy is a novel contribution to our understanding of online platforms and far  
right political activism **Church Quarterly Review** ,1885 **The Classical Review** ,1910 This companion to the  
Classical Quarterly contains reviews of new work dealing with the literatures and civilizations of ancient Greece and Rome

Martyna Gliniecka, 2024-12-27 Youth Digital Health and Online Platforms focuses on young people's use of the digital  
platform Reddit for health Drawing upon dialogism theory the book explores how young people produce a youth led discourse  
of youth digital health different from the adult led framing represented in youth digital health research policy and service  
delivery Peer led discussions online remain one of the controversial forms of youth digital health associated with negative  
peer influence or casual teenage talk This book argues that online peer led dialogues support young people's agency in  
health and that young people can benefit from dealing with health issues with peers The work is based on the digital  
ethnography of teenagers subreddits on Reddit and utilises a theoretical framework of dialogism a linguistic based theory  
originated by an early 20th century Russian philosopher Mikhail Bakhtin The book introduces the concept of dialogical youth

led youth digital health discourse formed in the peer led space of Reddit This youth led discourse celebrates equality and diversity amongst people meanings and opinions It is constructed around three relational elements socio material affordances creative practices and a plurality of youth voices Reddit s pseudonymous anti authoritarian and egalitarian nature supports the emergence of this youth led discourse The book can interest scholars and lecturers in childhood and youth studies Internet studies and youth health studies Professionals such as policymakers service designers deliverers online safety educators and global youth and health agencies can use evidence based insights in their work with young people
