Relationship-Based Treatment of Children and Their Parents Elizabeth Sylvester, Kat Scherer, 2022-11-01

Immediate interventions for struggling families integrating four distinct areas of psychology Children and families burdened with attachment disruption emotional distress or psychological disorders need effective and immediate assistance They do not have the time to wait for long term interventions or developmental changes to improve the parent child relationship Here psychologists Elizabeth A Sylvester and Kat Scherer provide the most effective approach in such situations interventions that impact the entire family at relational emotional and cognitive behavioral levels and that give parents agency to have rapid therapeutic impact on their children s lives and well being This addition to the celebrated Norton Series on Interpersonal Neurobiology integrates four distinct areas of psychology neurobiology attachment theory emotion and relationship based discipline This integration produces a clear point of entry for therapists working with struggling families and provides interventions that are logical doable and highly effective

Kids Caught in the Psychiatric Maelstrom Elizabeth E. Root MSW, MS Ed, 2009-09-23 This book offers a warning that American children are receiving increased chemical treatment from psychiatrists and provides a primer on how to improve the emotional health of kids without drugs Maelstrom is an apt metaphor for the inexorable deterioration many children experience inside the mental health system Kids Caught in the Psychiatric Maelstrom How Pathological Labels and Therapeutic Drugs Hurt Children and Families challenges current treatment practices and addresses the critically important issue of excessive prescribing of psychiatric medications to children This encyclopedic work reveals inside the system information emphasizing the theoretical divide at the root of the controversy over diagnosis and treatment It explains how the 1990s decade of the brain replaced talk therapy with biochemical treatments leading to the hegemony of the pharmaceutical industry and subsequently the massive drugging of children Author Elizabeth E Root details common diagnoses and treatments explaining up to date brain research with some surprising interpretations and noting dangerous national precedents to mental screening Finally she illuminates pathways toward solutions and healthier families sharing nonpsychiatric explanations for the nation s increase of troubled children and the rationale and research supporting non drug alternative approaches to childhood distress
