Elon Musk Walter Isaacson, 2023-09-12 The 1 New York Times and global bestseller from Walter Isaacson the acclaimed author of Steve Jobs Einstein His Life and World Benjamin Franklin and Leonardo da Vinci is the astonishingly intimate story of the most fascinating controversial innovator of modern times For two years Isaacson shadowed Elon Musk as he executed his vision for electric vehicles at Tesla space exploration with SpaceX the AI revolution and the takeover of Twitter and its conversion to X The result is the definitive portrait of the mercurial pioneer that offers clues to his political instincts future ambitions and overall worldview When Elon Musk was a kid in South Africa he was regularly beaten by bullies One day a group pushed him down some concrete steps and kicked him until his face was a swollen ball of flesh He was in the hospital for a week But the physical scars were minor compared to the emotional ones inflicted by his father an engineer rogue and charismatic fantasist His father s impact on his psyche would linger He developed into a tough yet vulnerable man child prone to abrupt Jekyll and Hyde mood swings with an exceedingly high tolerance for risk a craving for drama an epic sense of mission and a maniacal intensity that was callous and at times destructive At the beginning of 2022 after a year marked by SpaceX launching thirty one rockets into orbit Tesla selling a million cars and him becoming the richest man on earth Musk spoke ruefully about his compulsion to stir up dramas I need to shift my mindset away from being in crisis mode which it has been for about fourteen years now or arguably most of my life he said It was a wistful comment not a New Year s resolution Even as he said it he was secretly buying up shares of Twitter the world s ultimate playground Over the years whenever he was in a dark place his mind went back to being bullied on the playground Now he had the chance to own the playground For two years Isaacson shadowed Musk attended his meetings walked his factories with him and spent hours interviewing him his family friends coworkers and adversaries The result is the revealing inside story filled with amazing tales of triumphs and turmoil that addresses the question are the demons that drive Musk also what it takes to drive innovation and progress

Steve Jobs Walter Isaacson, 2021-10-05 Walter Isaacson s enthralling The New Yorker worldwide bestselling biography of Apple cofounder Steve Jobs Based on more than forty interviews with Steve Jobs conducted over two years as well as interviews with more than 100 family members friends adversaries competitors and colleagues Walter Isaacson has written a riveting story of the roller coaster life and searingly intense personality of a creative entrepreneur whose passion for perfection and ferocious drive revolutionized six industries personal computers animated movies music phones tablet computing and digital publishing At a time when America is seeking ways to sustain its innovative edge Jobs stands as the ultimate icon of inventiveness and applied imagination He knew that the best way to create value in 21st century was to connect creativity with technology He built a company where leaps of the imagination were combined with remarkable feats of engineering Although Jobs cooperated with the author he asked for no control over what was written He put nothing off limits He encouraged the people he knew to speak honestly And Jobs speaks candidly sometimes brutally so about the people

he worked with and competed against His friends foes and colleagues provide an unvarnished view of the passions perfectionism obsessions artistry devilry and compulsion for control that shaped his approach to business and the innovative products that resulted Driven by demons Jobs could drive those around him to fury and despair But his personality and products were interrelated just as Apple s hardware and software tended to be as if part of an integrated system His tale is instructive and cautionary filled with lessons about innovation character leadership and values Steve Jobs is the inspiration for the movie of the same name starring Michael Fassbender Kate Winslet Seth Rogen and Jeff Daniels directed by Danny Boyle with a screenplay by Aaron Sorkin *Walter Isaacson: The Genius Biographies* Walter Isaacson,2017-11-07 The Genius Biographies boxed set from New York Times bestselling author Walter Isaacson featuring his definitive biographies Steve Jobs Einstein and Benjamin Franklin If anybody in America understands genius it s Walter Isaacson Salon Walter Isaacson s beloved biographies of American geniuses now in one boxed set Steve Jobs The riveting biography of legendary Apple cofounder Steve Jobs The story of the roller coaster life and intense creative entrepreneur whose passion for perfection and ferocious drive revolutionized six industries personal computers animated movies music phones tablet computing and digital publishing Isaacson s portrait touched millions of readers Einstein How did his mind work What made him a genius Isaacson s biography of Albert Einstein shows how his scientific imagination sprang from the rebellious nature of his personality His fascinating story is a testament to the connection between creativity and freedom Benjamin Franklin In this colorful and intimate narrative Isaacson provides the full sweep of Ben Franklin s amazing life showing how the most fascinating Founding Father helped forge the American national identity

The Greatest Sentence Ever Written

Walter Isaacson,2025-11-18 To celebrate America s 250th anniversary Walter Isaacson takes readers on a deep dive into the creation of one of history s most powerful sentences We hold these truths to be self evident that all men are created equal that they are endowed by their Creator with certain unalienable Rights that among these are Life Liberty and the pursuit of Happiness Drafted by Thomas Jefferson and edited by Benjamin Franklin and John Adams this line lays the foundation for the American Dream and defines the common ground we share as a nation Isaacson unpacks its genius word by word

illuminating the then radical concepts behind it *Einstein* Walter Isaacson,2008-09-04 NOW A MAJOR SERIES GENIUS

ON NATIONAL GEOGRAPHIC PRODUCED BY RON HOWARD AND STARRING GEOFFREY RUSH Einstein is the great icon of our age the kindly refugee from oppression whose wild halo of hair twinkling eyes engaging humanity and extraordinary brilliance made his face a symbol and his name a synonym for genius He was a rebel and nonconformist from boyhood days His character creativity and imagination were related and they drove both his life and his science In this marvellously clear and accessible narrative Walter Isaacson explains how his mind worked and the mysteries of the universe that he discovered Einstein s success came from questioning conventional wisdom and marvelling at mysteries that struck others as mundane This led him to embrace a worldview based on respect for free spirits and free individuals All of which helped make Einstein

into a rebel but with a reverence for the harmony of nature one with just the right blend of imagination and wisdom to transform our understanding of the universe This new biography the first since all of Einstein s papers have become available is the fullest picture yet of one of the key figures of the twentieth century This is the first full biography of Albert Einstein since all of his papers have become available a fully realised portrait of this extraordinary human being and great genius Praise for **EINSTEIN** by Walter Isaacson YOU REALLY MUST READ THIS Sunday Times As pithy as Einstein himself New Scientist A brilliant biography rich with newly available archival material Literary Review Beautifully written it renders the physics understandable Sunday Telegraph Isaacson is excellent at explaining the science Daily Express **Benjamin**

Franklin Walter Isaacson,2004-05-04 During his 84 year life Benjamin Franklin was America s best scientist inventor publisher business strategist diplomat and writer He was also one of its most practical political thinkers America s first great publicist he carefully crafted his own persona portrayed it in public and polished it for posterity In this riveting new biography Walter Isaacson provides readers with a full portrait of Franklin s public and private life his loyal but neglected wife his bastard son with whom he broke over going to war with England his endless replacement families and his many amorous but probably unconsummated liaisons But this is not just a biography of Benjamin Franklin but rather a fascinating look at American and European political history at that time Isaacson examines the run up to the Revolutionary War the intimate relations between Britain France and the colonies and the decisive events that led to America s independence Just as David McCullough brought life to the historic figure of John Adams Isaacson portrays Franklin in the flesh showing readers how this radical man helped define America s national character and personality *Walter Isaacson Great*

rising in arms Then from the ashes of war there rose our nation So surely an equally acceptable title for this authoritative biography could have replaced An with The To attempt to tell the tale of America s beginnings without speaking at length of Ben Franklin would be as great a folly as to attempt to tell Franklin s life story without mentioning America both are simply intertwined In this biography of Franklin not the first but perhaps the finest Walter Isaacson comes tantalizingly close to laying out the whole tapestry of the mans life all while laying it down atop the tableau of the times This is no easy feat At just shy of 500 pages Isaacsons book is no mere primerbut that shouldnt scare off the more casual reader MEET THE AUTHOR Steven John is a writer living and working in Los Angeles by way of Washington DC originally His first novel will hit shelves on 3 27 12 and when not working on books he fills his time with various freelance writing work hiking mumbling at his pets and thinking up more interesting activities he can tell his wife he has been involved with EXCERPT FROM THE BOOK As this is of course a biography of a man s life it follows that Walter Isaacson has chosen to tell that lifes story chronologically Fortunately for his reader though he opens the book with a few intriguing insights into Benjamin Franklin s character He was during his eighty four year long life America s best scientist inventor diplomat writer and business strategist and he was also one of its most practical though not most profound political thinkers the most interesting thing that Franklin invented and continued to reinvent was himself And just then when we want to know more to know it all Isaacson takes us back takes us away to a land across the ocean In so doing he lays down the framework upon which B Franklin would live his life and offers us a much greater understanding of our subject Isaacson takes us to the 16th Century the earliest point in time when a direct ancestor of Benjamin Franklin can be found largely due to the fact that before such time the surname Franklin did not even exist The author explains in a quick primer the changing nature of the populace in Western Europe in this Renaissance cum Elizabethan era as commoners and peasants began to emerge from the veil of feudalism in England as the merchant class arose and as slowly merit began to surpass bloodline in dictating ones future This change would not come into fruition until the founding of the American state and is arguably a line of thinking that strongly informs much of the American identity to this day CHAPTER OUTLINE Quicklet on Walter Isaacson s Benjamin Franklin An American Life Walter Isaacson s Benjamin Franklin An American Life About the Book About the Author A Summary in Brief The Junto Poor Richard Meanwhile The Fire Department and much more **The Clergy directory and parish guide ,1895**
