Moral Emotions and Human Interdependence in Character Education Agnieszka Bates,2021-05-23 Moral Emotions and Human Interdependence in Character Education challenges contemporary mainstream approaches to character education predicated on individualism essential virtues and generic character skills This book synthesizes perspectives from phenomenology psychology cultural sociology and policy studies into a unique theoretical framework to reveal how ideas from positive psychology emotional intelligence and Aristotelian virtues have found their way into the classroom The idealized self reliant resilient atomized individual at the core of current character education is rejected as one dimensional Instead this book argues for an alternative more complex pedagogy of interdependence that promotes students well being by connecting them to the lives of others This book is an essential read for academics researchers postgraduate students and school teachers interested in character education and social and

emotional learning     *Modern Approaches to Understanding and Managing Organizations* Lee G. Bolman, Terrence E. Deal, 1984 Avoid management theory overkill Bolman and Deal break them all down to four basic approaches any manager can understand Writing in everyday language the authors demonstrate when and how each approach should be employed and what outcomes can be anticipated     *The Complex World of Teaching* Ethan Mintz, John T. Yun, 1999 In this collection of the best writing on teaching and teachers from the Harvard Educational Review authors discuss the multiple demands distractions desires and dilemmas that teachers face in their daily work Geologists study volcanoes for years yet cannot predict exactly which will be the next to erupt Meteorologists use highly advanced technology to study weather patterns but cannot forecast the weather with certainty Teachers can present the same lesson to two classes only to have it succeed one time and fail the next Why is there such uncertainty in these situations Because these are all complex systems In the complex world of teaching teachers face numerous unpredictable challenges from the dynamic interactions of teacher student curriculum school community and culture How do teachers manage to teach in such a complex world To answer this question the Editors of the Harvard Educational Review have collected the best writings on teaching published in the Review in *The Complex World of Teaching* Part One Inner Worlds explores the private aspects of teachers and students lives that although hidden have a great impact on teaching and learning Part Two Outer Worlds focuses on how powerful economic social political and cultural forces from outside the classroom shape the work of teachers and students Part Three *The Complex World of Teaching* illuminates how the intersection of the inner and outer worlds creates the dynamic complexity that is both the joy and the frustration of teaching *The Complex World of Teaching* refuses to reduce teaching to a set of recipes or to talk about teaching abstracted from practice The Editors have combined theoretical chapters with studies from individual classrooms written by teachers themselves to capture the true complexity of teaching Readers can join teachers as they recount their struggles and triumphs in the classroom pieces and then move to the theoretical pieces to analyze the larger forces that shape those moments     *Narrating Transformative Learning in Education* Morgan Gardner, Ursula Anne Margaret Kelly, 2008-01-15 This new collection highlights the experiences of an international group of educators as they explore the art of teaching the philosophy of learning and the tensions of working across socially constructed borders
