*Indigenous Currencies* Ashley Cordes,2025-04-22 How Indigenous currencies including wampum and dentalium shells beads and the cryptocurrency MazaCoin have long constituted a form of resistance to settler colonialism Indigenous Currencies follows dynamic stories of currency as a meaning making communication technology Settler economies regard currency as their own invention casting Indigenous systems of value exchange and data stewardship as incompatible with contemporary markets In this book Ashley Cordes refutes such claims and describes a long history of Indigenous innovation in currencies including wampum dentalium beads and more recently the cryptocurrency MazaCoin By looking closely at how currencies developed over time through intercultural communication Cordes argues that Indigenous currencies transcend the scope of economic value revealing the cultural social and political context of what it means to exchange The book's two main case studies the gold rush and the code rush frame a deep dive into how Indigenous ways of being have shaped the use and significance of currency and vice versa Settler currencies which have developed in the wake of wars and through massively scaled forms of material extraction offer a very different story of the place of currencies within settler economies of dispossession The second part of the study asks how contemporary cryptocurrencies may play a critical role in cultivating Tribal sovereignty The author analyzes structural properties of the polymorphic blockchain to provide key insights into how emergent digital spaces with their attendant forms of meaning and value represented by code NFTs and Web 3.0 are inextricably connected to Indigenous knowledges The book cultivates a vision of currency in which the principle of leaving some for the rest establishes a way of imagining relationships of exchange beyond their enclosure within settler capitalist parameters of extraction and into currents of deep reciprocity

**New Money** Lana Swartz,2020-05-01 A new vision of money as a communication technology that creates and sustains invisible often exclusive communities One of the basic structures of everyday life money is at its core a communication media Payment systems cash

card app or Bitcoin are informational and symbolic tools that integrate us into or exclude us from the society that surrounds us. Examining the social politics of financial technologies, Lana Swartz reveals what's at stake when we pay. This accessible and insightful analysis comes at a moment of disruption from fintech startups to cryptocurrency schemes. A variety of technologies are poised to unseat traditional financial infrastructures. Swartz explains these changes, traces their longer histories, and demonstrates their consequences. Getting paid and paying determines whether or not you can put food on the table. She shows just how important these invisible systems are. The data that payment produces is uniquely revelatory and newly valuable. New forms of money create new forms of identity, new forms of community, and new forms of power.

## **A PRACTICAL GUIDE TO PRODUCT/SERVICE COSTING & PRICING IN THE BUSINESS WORLD** DICKSON AKAM

NTUH, 2024-04-28 In the dynamic world of business where profitability is the ultimate pursuit, the realms of costing and pricing reign supreme. Like a master symphony conductor, every entrepreneur and manager must skillfully orchestrate the delicate balance between cost and prices to create a harmonious melody of success. Welcome to a journey that explores the intricacies, methodologies, and strategies behind costing and pricing, a voyage that will empower you to navigate the jumble of financial decisions with finesse. Within the pages of this book, we delve deep into the captivating world of costing, where we uncover a treasure trove of methods that unravel the enigma of expenses. From traditional methods like absorption costing and job costing to innovative approaches like activity-based costing and target costing, we dissect each technique, unveiling their unique merits and demystifying their complexities. As we unravel the intricate web of cost, you will gain the tools to dissect your organization's expenses, assess their impact, and make informed decisions that elevate your business to new heights. However, cost control alone is not enough to navigate the turbulent seas of modern commerce. It is within the symphony of pricing strategies that the true potential for profitability lies. With meticulous attention, we explore the multifaceted landscape of pricing, where art and science converge to shape the market dynamics. From cost-plus pricing and value-based pricing to skimming and penetration pricing, each strategy is dissected, evaluated, and synthesized to equip you with a formidable arsenal of pricing techniques. By understanding the psychology of pricing, market segmentation, and the impact of competitive forces, you will be empowered to set optimal prices that captivate customers, maximize revenues, and ensure long-term sustainability. Yet, the journey does not stop there. Recognizing the inseparable bond between cost and prices, we explore the nexus between the two, a realm where profitability and competitiveness intersect. We embark on a quest for cost reduction, uncovering innovative approaches and strategies that can bolster your bottom line without compromising quality. We unearth the power of lean management, process optimization, strategic sourcing, and supply chain efficiencies, allowing you to shape a leaner and more resilient business ecosystem. Moreover, we delve into the realm of price optimization, where strategic discounting, pricing psychology, and revenue management techniques converge to unlock new avenues of growth and profit. Throughout this voyage, we embrace the nuances of various industries, from manufacturing to

services retail to technology and beyond Drawing from real world case studies industry best practices and expert insights we distill the essence of costing and pricing to offer practical guidance that transcends organizational boundaries Regardless of your sector whether you are a budding entrepreneur seasoned manager or aspiring financial expert this book aims to equip you with the knowledge and skills to make informed decisions outmaneuver your competitors and unleash the true potential of your enterprise As we embark on this transformative journey through the enchanting landscape of costing and pricing prepare to unlock a new realm of financial daring Together let us cross the intricacies of costing methods cost reduction strategies and the art of pricing to plan a symphony of profitability that resonates far beyond the realms of commerce Welcome to the realm where cost and prices converge a world of strategic decision making untapped opportunities and boundless potential
