## **Skeptical Engagements:**

*Skeptical Engagements* Frederick C. Crews, 1986 Eleven years ago in *Out of My System* the noted critic Frederick Crews served notice that his Freudian sympathies were being eroded In his new book Crews shows where that reappraisal took him and why he has come to regard himself as an opponent of all self validating doctrines The essays collected here are linked by a theme Crews came to understand through trial and error The fear of facing the world including its works of literature without an intellectual narcotic at hand Crews himself a former Freudian takes on a host of academic critics and theorists and he does so with vigor and in bitingly effective lucid prose Booklist The author is provocative about writers from Philip Roth to Erik Erikson and in the process gives us a clear picture of intellectual life warts and all Kirkus Reviews [Against Freud](#) Todd Dufresne, 2007 *Against Freud* is a highly accessible informative and entertaining examination of Freud's controversial ideas and legacy by the world's most knowledgeable critics of psychoanalysis **A Cultivated Reason** Christopher Williams, 1998-12-01 As Plato's tripartite division of the soul Descartes's criterion of clear and distinct ideas and Kant's notion of the categorical imperative attest philosophy has traditionally been wedded to rationalism and its intellectualist view of persons In this book Christopher Williams seeks to wean his fellow philosophers away from an overly rationalistic self understanding by using resources that are available within the philosophical tradition itself including some that anticipate strands of Nietzsche's thought The book begins by developing Hume's critique of rationalism with reference especially to the section of the *Treatise* that deals with the continuing existence of bodies an argument that subverts intellectualist criteria by attempting to satisfy them and to his neglected essay *The Sceptic* where Hume reveals the importance of our embodiment through a comic portrayal of philosophers efforts to correct our sentiments Then it moves on to ward off charges of irrationalism by showing that although our powers of self correction are more limited than the rationalist thinks they are a Humean position is able both to sustain a commitment to reflection and to sensitize us to a version of irrationalism manifest in monotheistic theologies that is otherwise difficult to detect The book concludes more speculatively with a comparison of persons to artworks in order to show how our aesthetic dimension is the source of some of the normative work previously assigned to rationalist reason Ranging as it does across subfields from epistemology and history of philosophy to ethics and aesthetics *A Cultivated Reason* should appeal to a wide audience of philosophers and to scholars in other fields as well **Degenerate Moderns** E. Michael Jones, 1993 In this groundbreaking new book Jones shows how some of the major determining leaders in modern thought and culture have rationalized their own immoral behavior and projected it onto a universal canvas The main thesis of this book is that in the intellectual life there are only two ultimate alternatives either the thinker conforms desire to truth or he conforms truth to desire In the last one hundred years the western cultural elite embarked upon a project which entailed the reversal of the values of the intellectual life so that truth would be subjected to desire as the final criterion of intellectual value In looking at recent biographies of such major

moderns as Freud Kinsey Keynes Margaret Mead Picasso and others there is a remarkable similarity between their lives and thought After becoming involved in sexual license early on they invariably chose an ideology or art form which subordinated reality to the exigencies of their sexual misbehavior The Skeptical Inquirer ,1986 Evolution and Literary Theory Joseph Carroll,1995 Over the past two decades poststructuralism in its myriad forms has come to dominate literary criticism to the exclusion of virtually any other point of view Few scholars have escaped the coercive authority of its programmatic radicalism In Evolution and Literary Theory Joseph Carroll vigorously attacks the foundational principles of poststructuralism and offers in their stead a bold new theory that situates literary criticism within the matrix of evolutionary theory The Johns Hopkins Guide to Literary Theory and Criticism Michael Groden,Martin Kreiswirth,1994 Contains over 200 alphabetically arranged entries on the major terms movements and critics associated with the field of literary theory and criticism **Success Magazine** ,1926 The World & I ,1987 **Novelists in Their Youth** John Halperin,1990 An unrepentant enthusiast for the art of literary biography Halperin not only believes that the author s life and work are inextricably linked but that the themes obsessions and ideas that characterize his or her output are formed during and can be traced back to the writer s formative years **Allegorical Fantasy and the Chorus in Sophocles' Oedipus Coloneus** Roger Matthew Travis,1996 **Canadian Review of Comparative Literature** ,1997 *The American Scholar* William Allison Shimer,1984 □□□□ ,1999 A quarterly of comparative studies of Chinese and foreign literatures **Tenured Radicals, Revised** Roger Kimball,1998-05 Since *Tenured Radicals* first appeared in 1990 it has achieved the status of a minor classic Trenchant and witty it lays bare the sham of what now passes for serious teaching and research in the humanities at American universities Mr Kimball names his enemies precisely This book will breed fistfights Roger Rosenblatt New York Times Book Review All persons serious about education should see it Allan Bloom author of *The Closing of the American Mind* Blake ,1993 An illustrated quarterly Helios ,1991 Meanjin ,1991 Meanjin is a quarterly literary journal publishing the best new writing from established voices and emerging talents For over 70 years Meanjin has articulated questions of national importance questions or art culture policy and identity as well as introducing some of the greatest literary names Australia has ever produced **The African Book Publishing Record** ,1987 **Margin** ,1990
