Breaking Ranks Colin Diver,2022-04-12 Some colleges will do anything to improve their national ranking That can be bad for their students and for higher education Since U S News World Report first published a college ranking in 1983 the rankings industry has become a self appointed judge declaring winners and losers among America s colleges and universities In this revealing account Colin Diver shows how popular rankings have induced college applicants to focus solely on pedigree and prestige while tempting educators to sacrifice academic integrity for short term competitive advantage By forcing colleges into standardized best college hierarchies he argues rankings have threatened the institutional diversity intellectual rigor and social mobility that is the genius of American higher education As a former university administrator who refused to play the game Diver leads his readers on an engaging journey through the mysteries of college rankings admissions financial aid spending policies and academic practices He explains how most dominant college rankings perpetuate views of higher education as a purely consumer good susceptible to unidimensional measures of brand value and prestige Many rankings he asserts also undermine the moral authority of higher education by encouraging various forms of distorted behavior misrepresentation and outright cheating by ranked institutions The recent Varsity Blues admissions scandal for example happened in part because affluent parents wanted to get their children into elite schools by any means necessary Explaining what is most useful and important in evaluating colleges Diver offers both college applicants and educators a guide to pursuing their highest academic goals freed from the siren song of the best college illusion Ultimately he reveals how to break ranks with a rankings industry that misleads its consumers undermines academic values and perpetuates social inequality

India Today International ,2008-04 [Paying for College Without Going Broke, 2005 Edition](#) Princeton Review (Firm),2004-10-12 Paying for College Without Going Broke takes the stress confusion and guess work out of applying for financial aid Students and their parents learn how to calculate their aid eligibility before applying to college and plan ahead to improve their chances of receiving aid Parents and students will learn to negotiate with financial aid offices handle special circumstances for single parents or independent students and receive educational tax breaks Paying for College Without Going Broke is the only book to include both the FAFSA and the CSS PROFILE to make things even easier for students and parents

Best 357 Colleges, 2005 Edition Princeton Review (Firm),2004 Known as the smart buyer s guide to college this guide includes all the practical information students need to apply to the nation s top schools It includes rankings and information on academics financial aid quality of life on campus and much more

Social Class on Campus Will Barratt,2023-07-03 This is at once a playful text with a serious purpose to provide the reader with the theoretical lenses to analyze the dynamics of social class It will appeal to students and indeed anyone interested in how class mediates relationships in higher education both because of its engaging tone and because it uses the college campus as a microcosm for observing and analyzing the concept of class and does so in a way that will prompt the reader to reflect on her or his

location in the continuum of class and understand how every member of the campus community helps co construct social class Will Barratt starts from the premise that there is more than one way to study any idea and that the more tools we use to examine a concept the more fully we understand it in all its complexity and ambiguity To illustrate salient features of class on campus he introduces five fictional European American women Whitney Page Louise Misty Ursula and Eleanor and also includes the real stories of students who represent a diversity of backgrounds Social class is often neglected or ignored as an important issue in the lives of students The book provides the reader with a language for analyzing class with theories of class that go beyond standard economic and sociological models and examples of the manifestation of class all toward the end of helping the reader have more agency in working with this difficult and challenging concept This book is suitable for students going to college for the first time for courses exploring multicultural issues in contemporary society and for anyone professionally involved with students Each chapter includes a suggested experience and reflection questions to prompt readers to explore their thinking and feeling about class as well as class discussion questions Complete Book of Colleges, 2005 Edition Princeton Review (Firm),2004-07-20 Up to date information on 1 780 colleges and universities **Current**

Index to Journals in Education ,1997-07 Abstracts of Theses for Higher Degrees University of Colorado (Boulder campus),1929 London Calling ,1950 Academy of Management Learning and Education ,2009 **Journal of Economics** Missouri Valley Economic Association,1991 OR/MS Today ,2004 Current Literature ,1910 Current Opinion Edward Jewitt Wheeler,Frank Crane,1910 The Princeton Review ,2005 Legacy Documents: A strategy for our future James J. Duderstadt,1995 **Beyond English, Inc** David B. Downing,C. Mark Hurlbert,Paula Mathieu,2002 This work intervenes in debates about the future of English studies as business interests reach deeper into the domains of higher education The essays address historical and theoretical questions about the relationships among management pressures disciplinarity and curricula reform **Illinois Basketball Guide** ,2009 **Current Index to Statistics, Applications, Methods and Theory** ,1999 The Current Index to Statistics CIS is a bibliographic index of publications in statistics probability and related fields USA Today Index ,1992
