**The Performance of Asian Higher Education** Gwilym Croucher, Chuanyi Wang, Jiale Yang, 2022-07-28 With contributions from several Asia Pacific countries this book compares performance and productivity in higher education from the perspective of institutional change Using multiple methods and datasets and including case studies from Australia Cambodia China Malaysia India and Japan the authors focus on shedding light on the efficacy of institutional policies and reforms The worldwide Gross Enrolment Ratio GER in higher education neared 40 per cent in 2020 due to the dramatic increase in enrolments in many developing economies especially in Asia This significant increase in the number of students in higher education brings great benefits but requires major ongoing investment by governments around the world This growth has followed waves of internationalization and marketization and universities are undergoing substantial change in their organization and character The goal of many institutional policies and reforms has been better performance and higher productivity Yet little is known about whether they have achieved this aim Students government officials and university

leaders all have the right to ask whether the outcomes of higher education justify the costs of running the system Although increasing attention has been paid to higher education institutions management and operation the study of higher education performance and productivity is still in its relative infancy compared to other enterprises Written for students and scholars interested in higher education management and productivity this book will also appeal to government officials and university leaders keen to know more about institutional reform and how to achieve better performance The University and the Economy Aldo Geuna, Federica Rossi, 2015-02-27

This book provides readers with an in depth understanding of the many ways in which universities contribute to economic development and growth It demonstrates the causal interactions between universities activities and economic outcomes and presents **Asian Scientists on the Move** Anju Mary Paul, 2021-12-09 The growing scientific research output from Asia has been making headlines since the start of the twenty first century But behind this science story there is a migration story The elite scientists who are pursuing cutting edge research in Asia are rarely homegrown talent but were typically born in Asia trained in the West and then returned to work in Asia **Asian Scientists on the Move** explores why more and more Asian scientists are choosing to return to Asia and what happens after their return when these scientists set up labs in Asia and start training the next generation of Asian scientists Drawing on evocative firsthand accounts from 119 Western trained Asian scientists about their migration decisions and experiences and in depth analysis of the scientific field in four country case studies China India Singapore and Taiwan the book reveals the growing complexity of the Asian scientist migration system **U.S. News & World Report** ,2007 **America** ,1924 The Jesuit review of faith and culture Nov 13 2017 **USA Today Index** ,1996 **The Chinese Students' Monthly** ,1920
