*The Third Branch*, 2002      **Information Architecture** Louis Rosenfeld, Peter Morville, Jorge Arango, 2015-09-09  
Annotation The fourth edition of this guide focuses on information architecture as a set of tools and techniques for dealing with today's tough information organization problems. It's ideal for anyone involved in any aspect of design. The universal and timeless principles of information organization described in the book's first three editions still apply in our increasingly mobile world. In the fourth edition, the authors cast those principles in the context of current practice using many updated examples and illustrations.

**Net Banking / Nachiket Prakashan** Shrirang Shrinivas Hirlekar, 2015-06-13 The banks and transaction methods are getting upgraded on every second. A day will come when there will be no physical currency. The super computer will replace all the various banks throughout the world. A customer comfortably sitting at home may perform the banking operations or dealings through his PC or android phone. For the non-technical common man, the topic has been explained in a very simple manner, keeping the technical complications and legal jumbling away. This is an effort to make everyone familiar with this technique and adopt it. A must for all doing banking in one way or other.
