### **Uncle**

Cheryl Thompson,2021-03-02 From martyr to insult how Uncle Tom has influenced two centuries of racial politics Jackie Robinson President Barack Obama Supreme Court Justice Clarence Thomas O J Simpson and Christopher Darden have all been accused of being an Uncle Tom during their careers How why and with what consequences for our society did Uncle Tom morph first into a servile old man and then to a racial epithet hurled at African American men deemed by other Black people to have betrayed their race Uncle Tom the eponymous figure in Harriet Beecher Stowe s sentimental anti slavery novel Uncle Tom s Cabin was a loyal Christian who died a martyr s death But soon after the best selling novel appeared theatre troupes across North America and Europe

transformed Stowe's story into minstrel shows featuring white men in blackface. In Uncle Cheryl Thompson traces Tom's journey from literary character to racial trope. She explores how Uncle Tom came to be and exposes the relentless reworking of Uncle Tom into a nostalgic racial metaphor with the power to shape how we see Black men a distortion visible in everything from Uncle Ben and Rastus The Cream of Wheat chef to Shirley Temple and Bill Bojangles Robinson to Bill Cosby. In Donald Trump's post truth America where nostalgia is used as a political tool to rewrite history Uncle makes the case for why understanding the production of racial stereotypes matters more than ever before **Everything Guide Walt Disney Univ. **George Washington on Screen** Leigh Ehlers

Telotte, 2023-07-18 One of the most moving narratives from the American Revolution is the first presidential administration and the many precedents set by George Washington. While media historians have extensively analyzed screen portrayals of the more sensational events of America in the 1750s to the 1790s far less attention has been paid to portrayals of the first presidency and the character of George Washington in film television and other formats. This book addresses that gap by providing the most comprehensive analysis of the character of George Washington on screen. Divided into two parts the book begins with an analysis of how the Washington character has evolved through time and screen media from early silent films to modern multimedia products. In Part II a filmography documents each piece of screen media that features a representation of Washington. It includes silent films theatrical films cartoons television and screen media from the 21st century such as streaming video games and multimedia presentations. Arranged alphabetically each entry includes format type production details crew and cast lists and a brief description of Washington's character in relation to the plot
