Algorithms Pay Attention Shashwath Jaiin, 2025-08-11 What if your scroll habits were designing the next big tech product and you didn t even know Written by a 17 year old who s grown up swiping skipping and searching like the rest of us this book pulls back the screen and asks who s really in charge here It s not a boring warning or a startup pitch It s a straight up conversation with the generation that feeds the algorithm every single day sometimes for fun sometimes by accident From online shopping that knows your taste better than your best friend to recommendation systems that track every maybe later the digital world isn t waiting for anyone to turn 18 It s already taking notes This book walks through how it all runs AI e commerce tricks and customer data trails without sounding like homework Every idea is told through stories memes habits and moments anyone who s ever opened a browser will recognise You won t need a degree to get it You ll only need curiosity a phone and the kind of questions that come up when something feels too convenient to be random Whether you re posting a meme reviewing an app or ignoring a biased trend you re making moves This book shows how those choices ripple through the tech we use the culture we shape and the future that s already loading The system s listening What are you telling it

Innovation Management Keith Goffin, Rick Mitchell, 2017-09-16 The new edition of this

highly successful textbook draws on the authors extensive industry experience and academic research to provide a concise and practical approach to developing and implementing strategies Offering a highly readable text alongside an effective mix of theory case studies and updated pedagogical features the book covers both strategic and managerial elements of innovation The tools described by the well respected and authoritative author team can be used to improve performance in both service and manufacturing companies and the text is an excellent practical resource for students and managers alike This textbook caters primarily for MBA and executive students of Innovation Management In addition it is an essential text for upper level undergraduate and postgraduate students of Innovation Management as well as for practitioners seeking to enhance their understanding of the subject New to this Edition Updated and expanded coverage throughout based on a review of over 250 key publications on innovation management 86 international case studies that illustrate both the theory and practice of managing innovation Video interviews on the companion website to accompany case studies from each chapter featuring high profile business managers from around the world Reflective questions for students at the end of each chapter with suggested answers on the companion website [The Ultimate Gaming Laptop Buying Guide](#) Robert I
