Essentials of Marketing Analytics, 1e Joseph F. Hair (Jr.), Dana E. Harrison, Haya Ajjan, 2021. We developed this new book with enthusiasm and great optimism. Marketing analytics is an exciting field to study and there are numerous emerging opportunities for students at the undergraduate level and particularly at the master's level. We live in a global, highly competitive, rapidly changing world that is increasingly influenced by digital data, expanded analytical capabilities, information technology, social media, artificial intelligence, and many other recent developments. We believe this book will become the premier source for new and essential knowledge in data analytics, particularly for situations related to marketing decision making that can benefit from marketing analytics, which is likely 80 percent of all challenges faced by organizations.

*How to Get on Podcasts: Cultivate Your Following, Strengthen Your Message, and Grow as a Thought Leader through Podcast Guesting* Michelle Glogovac, 2024-02-27

How to leverage podcast guesting to elevate yourself as a thought leader, generate more revenue, and promote your business all for little to no cost. The explosion of social media, AI enabled online advertising, and the overall cacophony of the internet has made it harder than ever to connect a message with an audience. One of the most powerful emerging tools for cutting through that noise is being a guest on podcasts or podcast guesting. Michelle Glogovac, aka The Podcast Matchmaker™, knows the impact podcast guesting has on business and brand growth. She helps entrepreneurs, nonprofit leaders, activists, experts, and authors promote themselves, their businesses, organizations, stories, and expertise via podcast interviews. In *How to Get on Podcasts*, she teaches you how to create unique speaking topics without being generic. Define your ideal audience. Design branded media kits. Establish your expertise and knowledge. Share yourself freely without resorting to sales tactics. Tell compelling stories. Repurpose your interviews into evergreen marketing content. Turn every interview into a valuable business opportunity. There are more than two million podcasts out of which 500 000 host expert guests, a huge opportunity for leveraging a free and robust marketing tool if you have the know-how. With *How to Get on Podcasts*, you have everything you need to increase business, boost your career and brand, and elevate your thought leadership potential.

**WTF?** Tim O'Reilly, 2017-10-10. Can we master the technologies we create before they master us? A punchy and provocative assessment by one of Silicon Valley's sharpest observers. Financial Times' **WTF** can be an expression of amazement or of dismay and today's technology elicits both reactions. In this book, Tim O'Reilly, dubbed the Oracle of Silicon Valley by Inc magazine, explores the upsides and potential downsides of today's **WTF** technologies. What is the future when an increasing number of jobs can be performed by intelligent machines instead of people or done only by people in partnership with those machines? What happens to our consumer-based societies, to workers and the companies that depend

on their purchasing power Is income inequality and unemployment an inevitable consequence of technological advancement or are there paths to a better future What will happen to business when technology enabled networks and marketplaces are better at deploying talent than traditional companies How should companies organize themselves to take advantage of these new tools What's the future of education when on demand learning outperforms traditional institutions How can individuals adapt and retrain Will the fundamental social safety nets of the developed world survive the transition and if not what will replace them O'Reilly is the man who can really make a whole industry happen according to former Google CEO Eric Schmidt and for decades he's identified and helped shape our response to emerging technologies with world shaking potential from the World Wide Web to Big Data and AI Here he shares the techniques he's used at O'Reilly Media to anticipate innovation waves and provides a framework for thinking about how current innovations are changing the nature of business education government financial markets and the economy as a whole He helps us understand how the parts of digital businesses work together to create marketplace advantage and customer value and why ultimately they cannot succeed unless their ecosystem succeeds along with them O'Reilly exhorts businesses to DO MORE with technology rather than just using it to cut costs and enrich their shareholders Robots are going to take our jobs they say O'Reilly replies Only if that's what we ask them to do Technology is the solution to human problems and we won't run out of work till we run out of problems Whether technology brings the WTF of wonder or the WTF of dismay isn't inevitable It's up to us A compelling narrative of how technology interweaves with the real world If it can cajole even a few tech titans to dwell on the social and political impact of what they do then it will have served a useful purpose Financial Times' WTF is a book about technology as it was as it is and as it could be It is told from the perspective of someone who has been personally present at the most important moments in the fast paced history of tech and who played a significant role in those moments Please do read this book Cory Doctorow Boing Boing **Thought**, 1955 **Vanity Fair**, 2018 **Illinois Reading Council Journal**, 2018
