Netflix Update Customer Service:

THE 4 DIMENSIONS OF TOTAL CUSTOMER SERVICE Stuart McKechnie, 2014-08-08 This book is about Total Customer Service. It applies to all types of organisations large and small private or public. It considers the ongoing changing context and circumstances such as technology, social media and remote buying which influence the relationship between the selling organisation and the buying customer. It introduces The Customer Service Hallmark, a unique Customer Service Quality Standard and guiding implementation and benchmarking framework. It takes Customer Service beyond 'Have a Nice Day' and the obvious 'Surface' approaches to Customer Service. It positions Customer Service as having its roots in the cultural heart of the organisation. The book adopts a holistic view of organisations incorporating Organisation Development approaches to managing improvement interventions. It positions Total Customer Service within and across all organisation functions and boundaries and includes a proactive stance to managing external environmental influences. The book provides reflective reading plus new and refreshed ideas, tools and models. The interesting presentation of the book takes the reader through the development of a practical methodology which guides, improves, sustains and maximises the provision of Total Customer Service and organisation improvement. Anyone who has an interest in Total Customer Service and organisation performance improvement will find this book valuable and enjoyable. Vision to Action, Sub System Synergy, Hilltops, ERUDITE Leadership, Futuristic Thinking, Competitive Integrity and Triple E touch point management all contribute to Customer Service and are some of the innovative concepts included in this book. The book brings together organisational capacity and capability and reflects a synergistic approach which promotes cross functional cooperation and harmony. The Four Dimensions of the Customer Service Hallmark provide an integrated framework which positions Total Customer Service as a coordinated strategic response to achieving organisation improvement and strategic intent. **Competing on Analytics:**

Updated, with a New Introduction Thomas Davenport, Jeanne Harris, 2017-08-29 The New Edition of a Business Classic. This landmark work the first to introduce business leaders to analytics reveals how analytics are rewriting the rules of competition. Updated with fresh content, *Competing on Analytics* provides the road map for becoming an analytical competitor, showing readers how to create new strategies for their organizations based on sophisticated analytics. Introducing a five stage model of analytical competition, Davenport and Harris describe the typical behaviors, capabilities and challenges of each stage. They explain how to assess your company's capabilities and guide it toward the highest level of competition. With equal emphasis on two key resources, human and technological, this book reveals how even the most highly analytical companies can up their game. With an emphasis on predictive, prescriptive and autonomous analytics for marketing, supply chain, finance, M A operations, R D and HR, the book contains numerous new examples from different industries and business functions such as Disney's vacation experience, Google's HR, UPS's logistics, the Chicago Cubs training methods and Firewire Surfboards customization. Additional new topics and research include Data scientists and what they do, Big data and the
