7-Day Sleep Challenge: Sleep Better In 7 Days Challenge Self, 2019-02-11 Take Your 7 Day Sleep Challenge Sleep Better In 7 Days Why are you reading this Because You want to fall asleep faster and stay asleep every night You want to cure insomnia that is disrupting your sleep cycle You want to stop feeling tired all the time from sleep deprivation You want to not use sleep medications but opt for natural methods You want to improve your focus and productivity throughout the day The average adults need around 7-9 hours of sleep each night according to the National Sleep Foundation Sadly many get far less than that bare minimum and it's affecting their lives negatively and decreasing their ability to function properly The truth is roughly 70 million people in the United States alone are already suffering from some kinds of sleep disorders and that number is only going to rise to a staggering 100 million by the middle of the 21st century What are the causes of all these sleep problems There are many factors involved Typically they can stem from an increasingly unhealthy and unbalanced modern lifestyle related to demanding overwork bad habits neglected responsibilities excessive distractions etc all competing for our attention and time Some are even innate especially for those who have been experiencing chronic sleeping issues their entire lives Regardless what matters is what you can do about it In the

conventional sense there are medications to diagnose sleep disorders but it goes without saying there are potentials for side effects dependence harm and even death from accidental overdose That's why you should take a more holistic approach to restore the natural balance in your body and life by addressing the issue at the core rather than put a band aid over the symptom with some pills that carry unknown long term consequences There is an underlying source attributing to your sleep problems and that is exactly what the 7 Day Sleep Challenge will tackle head on in only a week You'll get practical applications and strategies that are both hands on and effective including Sleep aid hacks using scents sounds lighting air and temperature Custom detailed plan to follow to ritualistically get ready for bed Behavior modifications for establishing new sleeping patterns All of these things and many more are simple to do and will dramatically improve the quality of your sleep So are you ready to accept your 7 Day Sleep Challenge Then waste no more previous time staying awake Time to relax and enjoy a rejuvenating sleep now and good night
