the book offers an introduction to the Space Force explains the urgent need for it and walks readers through what exactly the Space Force is and is not Drawing on dozens of interviews with high ranking members of the armed forces the author claims that in the future space will be the geopolitical center of world politics as such countries as the U S Russia and China jockey for control of it America must therefore set aside partisan politics to make space a top priority as a failure to do so will leave the U S and its citizens in a dangerous and vulnerable position on the world stage
