Steel Pans Samba Music:

Tuk Music Tradition in Barbados Sharon Meredith, 2016-12-05 Barbados is a small Caribbean island better known as a tourist destination rather than for its culture. The island was first claimed in 1627 for the English King and remained a British colony until independence was gained in 1966. This firmly entrenched British culture in the Barbadian way of life although most of the population are descended from enslaved Africans taken to Barbados to work on the sugar plantations. After independence an official desire to promulgate the country's African heritage led to the revival and recontextualisation of cultural traditions. Barbadian tuk music, a type of fife and drum music, has been transformed in the post-independence period from a working class music associated with plantations and rum shops to a signifier of national culture played at official functions and showcased to tourists. Based on ethnographic and archival research, Sharon Meredith considers the social, political and cultural developments in Barbados that led to the evolution, development and revival of tuk as well as cultural traditions associated with it. She places tuk in the context of other music in the country and examines similar musics elsewhere that whilst sharing some elements with tuk have their own individual identities. *Afrosonic Life* Mark V. Campbell, 2022-02-10 *Afrosonic Life* explores the role sonic innovations in the African diaspora play in articulating methodologies for living the afterlife of slavery. Developing and extending debates on Afrosonic cultures, the book attends to the ways in which the acts of technological subversion, experimentation and production complement and interrupt the intellectual project of modernity. Music-making processes such as dub, turntablism, hip hop DJ techniques and the remix innovate methods of expressing subjecthoods beyond the dominant language of Western Man and the market. These sonic innovations utilize sound as a methodology to institute a rehumanizing subjectivity in which sound dislodges the hierarchical ordering of racial schemas. *Afrosonic Life* is invested in excavating and elaborating the nuanced and novel ways of music making and sound creation found in the African diaspora. *Continuum Encyclopedia of Popular Music of the World, Volume 1* John Shepherd, David Horn, Dave Laing, Paul Oliver, Peter Wicke, 2003-03-06 The Bloomsbury Encyclopedia of Popular Music Volume 1 provides an overview of media industry and technology and its relationship to popular music.
