**Style, Rhetoric, and Rhythm** Morris W. Croll, 2015-12-08 These essays are according to Marjorie Nicholson the most illuminating articles we have on the important subject of prose style. They were pioneer articles which have remained standard. Originally published in 1966 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. "A Man Very Well Studied" Katherine Murphy, Richard Todd, 2008 This volume of essays on Thomas Browne aims to set the man and his works in new contexts. Drawing on new research into his reading, readers biography, manuscripts and politics a new picture of Browne and his writing emerges clarifying his relationship to seventeenth century English and European culture.

Morris W. Croll, Robert O. Evans, J. Max Patrick, 2019-03-25 A closely documented balanced account of the bitter political struggle in May and June of 1960 when thousands of Japanese rioted in protest against the revised treaty. William W. Lockwood calls it one of the best case studies of Japanese political behavior ever written. *Rubens and the Eloquence of Drawing* Catherine H. Lusheck, 2017-08-07 Rubens and the Eloquence of Drawing re examines the early graphic practice of the preeminent northern Baroque painter Peter Paul Rubens Flemish 1577-1640 in light of early modern traditions of eloquence particularly as promoted in the late sixteenth and early seventeenth century Flemish Neostoic circles of philologist Justus Lipsius 1547-1606. Focusing on the roles that rhetorical and pedagogical considerations played in the artist's approach to *disegno* during and following his formative Roman period 1600-08 this volume highlights Rubens's high ambitions for the intimate medium of drawing as a primary site for generating meaningful and original ideas for his larger artistic enterprise. As in the Lipsian realm of writing personal letters the humanist activity then described as a cognate activity to the practice of drawing a Senecan approach to eclecticism a commitment to emulation and an Aristotelian concern for joining form to content all played important roles. Two chapter long studies of individual drawings serve to demonstrate the relevance of these interdisciplinary rhetorical concerns to Rubens's early practice of drawing. Focusing on Rubens's *Medea Fleeing with Her Dead Children* Los Angeles Getty Museum and *Kneeling Man* Rotterdam Museum Boijmans Van Beuningen these close looking case studies demonstrate Rubens's

commitments to creating new models of eloquent drawing and to highlighting his own status as an inimitable maker Demonstrating the force and quality of Rubens s intellect in the medium then most associated with the closest ideas of the artist such designs were arguably created as more robust pedagogical and preparatory models that could help strengthen art itself for a new and often troubled age *Widener Library Shelflist: Literature: general and comparative* Harvard

University. Library,1968 *A Cultural History of Ideas in the Renaissance* Jill Kraye,2025-05-15 The third volume in the award winning A Cultural History of Ideas explores the ways in which distinctively Renaissance ideas and a distinctively Renaissance culture emerged from the complex interaction of ancient and medieval influences *Elizabeth Bishop* Susan McCabe,1994-09-12 Elizabeth Bishop represents a full scale examination of Bishop s work poetry prose and selected unpublished material to reveal how personal loss becomes implicated in her vision of self as fluid and unfixed and at the same time how gender and sexual identity inform the experience of loss in the act of writing Susan McCabe argues that Bishop counters modernist claims for an autonomous art object and an impersonal artist Bishop s writing never represents an escape into perfected forms but instead calls attention to the processes of language that construct identity McCabe emphasizes how personal experience is deeply enmeshed with Bishop s poetics Bishop s project returns to her early losses the death of her father and her mother s madness and uses them to disclose the instability of the concepts of self or place through a rhetoric of indeterminacy and uncertainty Although Bishop has recently begun to receive the critical attention she deserves this book uniquely brings loss to the foreground in connection with identity gender and the fashioning of a feminist poetics
