**Suiting Themselves** Sharon Beder,2012 In this brilliantly researched expos communications Rottweiler Sharon Beder blasts open the backrooms and boardrooms to reveal how the international corporate elite dictate global politics for their own benefit Beder shows how they created business associations and think tanks in the 1970s to drive public policy forced the worldwide privatization and deregulation of public services in the 1980s and 1990s enabling a massive transfer of ownership and control over essential services and still not satisfied have worked relentlessly since the late 1990s to rewrite the very rules of the global economy to funnel wealth and power into their pockets Want a globalized and homogenized world of conflict poverty and massive environmental degradation run by a corporate oligarchy that wipes its feet on democracy Or a democratic world where poverty is history companies work for people and clean water is a right not a privilege you pay for Beder s message is clear it s your world and it s time to fight for it A Treatise on the Limitations of Actions at Law and Suits in Equity and Admiralty Joseph Kinnicut Angell,1876
