**Review of Austrian Economics, Volume 5** Murray Rothbard,2009 [QUALITY OF WORK LIFE - AN OVERVIEW ON BANKING SYSTEM](#) Dr. Sudhanshu Pandiya,2015-01-01 This book is an outcome of banking activities regarding analyzing the implications that new forms of work organization have for the different aspects of conditions of employment such as hours of work the intensification of work and health at the workplace pay systems security of employment work and family and social dialogue The organization of work has great implications for the quality of work life and this is clearly demonstrated by the on going study on changes in work organization in the direction of greater flexibility and their potential and actual effects on employees While it is widely assumed that flexible forms of work organization can have desirable influences on both the banks

and its employees these outcomes are often not realized in practice Even when a new form of work organization results in positive outcomes overall the gain is not always shared by all the participants involved in many cases coworkers benefit from the change but others do not Thus changes in work organization i.e. implementing quality of work life programmes should be approached from the perspective of employees as well as employers in order to allow their social implications to be fully explored
