Summers Path Expanded Edition:

A Different Road Arthur Labatt, 2012-09 Labatt's career took a decidedly different turn from his expectations of working in the family brewery. He ultimately made his mark in the business community as a co-founder of the hugely successful mutual fund company Trimark Investment Management Inc. from publisher description **Summer's Path**, *The Outlook*, 1905 **Marcel Duchamp and the Art of Life** Jacquelynn Baas, 2019-11-19 A groundbreaking reading of Duchamp's work as informed by Asian esoterism, energetic spiritual practices identifying creative energy with the erotic impulse. Considered by many to be the most important artist of the twentieth century, the object of intensive critical scrutiny and extensive theorizing, Marcel Duchamp remains an enigma. He may be the most intellectual artist of all time and yet toward the end of his life he said, "If you wish my art would be that of living each second each breath is a work which is inscribed nowhere which is neither visual or cerebral." In *Marcel Duchamp and the Art of Life*, Jacquelynn Baas offers a groundbreaking new reading of Duchamp, arguing in particular that his work may have been informed by Asian esoterism, energetic spiritual practices that identify creative energy with the erotic impulse. Duchamp drew on a wide range of sources for his art, from science and mathematics to alchemy. Largely overlooked until now have been Asian spiritual practices including Indo-Tibetan tantra. Baas presents evidence that Duchamp's version of artistic realization was grounded in a western interpretation of Asian mind training and body energetics designed to transform erotic energy into mental and spiritual liberation. She offers close readings of many Duchamp works, beginning and ending with his final work, the mysterious, shockingly explicit *tant donn s 1 la chute d'eau 2 le gaz dclairage*. Given 1 The Waterfall 2 The Illuminating Gas. Generously illustrated with many images in color, *Marcel Duchamp and the Art of Life* speculates that Duchamp viewed art making as part of an esoteric continuum grounded in Eros. It asks us to unlearn what we think we know about both art and life in order to be open to experience.
