Morris,2022-03-01 In Lost Faith and Wandering Souls religion scholar David Morris offers a psychologically informed investigation of the widespread religious disillusionment shaping contemporary spiritual life Drawing from psychoanalytic theory developmental psychology and sociological research Morris argues that faith loss should be understood not as mere rebellion or deconversion but as a profound experience of mourning and moving forward The book s first section engages foundational thinkers Freud Erikson Klein Winnicott and reframes religious disaffection through concepts such as transitional space object loss and the depressive position The second section applies this theoretical framework to contemporary spiritual memoirs Through authors such as Kate Young Caley Diana Butler Bass and Randall Balmer Morris identifies a recurring pattern withdrawal disorientation creative reconstruction and eventual reengagement with new forms of spiritual meaning By examining the psychic and social dynamics of faith disruption Morris demonstrates that healing requires more than intellectual reassessment it calls for emotional integration and the cultivation of imaginative play With clarity and compassion Lost Faith and Wandering Souls helps readers name their disillusionment and grieve their losses with agency creativity and a sense of belonging This is essential reading for scholars clergy therapists and spiritual seekers navigating the complex terrain of post religious life
