

A photograph of a person walking away from the viewer on a snow-covered path. The person is wearing a dark coat and dark pants. The path is lined with bare trees, their branches reaching out over the scene. The ground is covered in a thick layer of snow. The overall atmosphere is cold and somewhat melancholic.

*The Tragedy Paper* Elizabeth Laban, 2014-02-11 Perfect for fans of Thirteen Reasons Why and Looking for Alaska Jennifer Weiner 1 New York Times bestselling author calls Elizabeth LaBan's The Tragedy Paper a beguiling and beautifully written tale of first love and heartbreak. It follows the story of Tim Macbeth, a seventeen-year-old albino and a recent transfer to the prestigious Irving School where the motto is Enter here to be and find a friend. A friend is the last thing Tim expects or wants; he just hopes to get through his senior year unnoticed. Yet despite his efforts to blend into the background, he finds himself falling for the quintessential It girl, Vanessa Sheller, girlfriend of Irving's most popular boy. To Tim's surprise, Vanessa is into him too, but she can kiss her social status goodbye if anyone ever finds out. Tim and Vanessa begin a clandestine romance, but looming over them is the Tragedy Paper, Irving's version of a senior year thesis assigned by the school's least forgiving teacher. Jumping between viewpoints of the love-struck Tim and Duncan, a current senior about to uncover the truth of Tim and Vanessa, The Tragedy Paper is a compelling tale of forbidden love and the lengths people will go to keep their secrets.

**Wole Soyinka** Adam Lecznar, 2024-09-05 This book presents a new way of looking at Wole Soyinka's engagement with the classical past. Nigerian author and activist Wole Soyinka was the first Black African author to win the Nobel Prize for Literature 1986 and his oeuvre has become seminal to postcolonial literature. The frequent references to Greece and Rome that appear across Soyinka's writings, most explicitly in his 1973 play *The Bacchae* of Euripides A Communion Rite, have often received short shrift in scholarship on the author. At best, these references have been understood as elements of Soyinka's prodigiously inclusive humanism. At worst, Soyinka's critics argue that the invocations of a Graeco-Roman past testify to the neocolonial cultural affinities that make Soyinka a problematic figure in postcolonial literary history. Adam Lecznar challenges these readings, arguing that Soyinka's authorial outlook is informed by a hybrid form of classicism in which he aligns the legacy of Greece and Rome with the African cultural heritage to form a narrative of literary and cultural value that looks beyond the ancient Mediterranean. This book turns a spotlight on how Soyinka's appeals to Greece and Rome inform his reflections on Africa's ancient past, Yoruba belief, and the modern significance of tragedy. Lecznar contends that Soyinka's notion of classicism is not solely dependent on the memory of the Graeco-Roman past. Rather, it draws innovatively on a global cultural heritage to advance revolutionary and futural narratives of history and identity.

**When Jesus Calls** Samuel Wells, 2022-11-30 Arguably the most imaginative and energetic church response to the pandemic has been that of HeartEdge, the interdenominational church renewal movement founded at St Martin in the Fields by Samuel Wells but now extending beyond the UK to Europe, North America, and Australia. From serving thousands of meals on London's streets to becoming, in all but name, an online conference centre and theological college offering hundreds of events, one outstanding feature of its programme has been Samuel Wells' monthly conversations about the future of the Church with leading figures from Britain and America attended by large online audiences. This volume offers a distillation of those conversations, which instead of

being preoccupied with decline focus on what Christian presence and practice might look like in the world that is being reshaped by what the pandemic has revealed and the theology that is needed to sustain such a vision **Bookishness** Jessica Pressman,2020-12-01 Twenty first century culture is obsessed with books In a time when many voices have joined to predict the death of print books continue to resurface in new and unexpected ways From the proliferation of shelfies to Jane Austen themed leggings and from decorative pillows printed with beloved book covers to bookwork sculptures exhibited in prestigious collections books are everywhere and are not just for reading Writers have caught up with this trend many contemporary novels depict books as central characters or fetishize paper and print thematically and formally In Bookishness Jessica Pressman examines the new status of the book as object and symbol She explores the rise of bookishness as an identity and an aesthetic strategy that proliferates from store window d cor to experimental writing Ranging from literature to kitsch objects stop motion animation films to book design Pressman considers the multivalent meanings of books in contemporary culture Books can represent shelter from or a weapon against the dangers of the digital they can act as memorials and express a sense of loss Examining the works of writers such as Jonathan Safran Foer Jennifer Egan Mark Z Danielewski and Leanne Shapton Pressman illuminates the status of the book as a fetish object and its significance for understanding contemporary fakery Bringing together media studies book history and literary criticism Bookishness explains how books still give meaning to our lives in a digital age **Journey Towards Himself** Roy Holland,2008-07 A hilarious evocation of life as a student at Cambridge University in the sixties shortly after the time of such notable figures as F R Leavis C S Lewis and E M Forster
