contemporary humanities and social sciences a discourse in which their effect is to repress recognition of important historical differences conflicts and possibilities At the same time that he shows how difficult it is to get beyond culture he tries to indicate how interpretation may be turned into a more socially responsible practice Daniel Cottom is associate professor of English at the University of Florida He is the author of *Social Figures George Eliot Social History and Literary Representation* Minnesota 1987 and *The Civilized Imagination A Study of Ann Radcliffe Jane Austen and Sir Walter Scott*
