## What On Earth Is That:

**What on Earth is the Church?** Kevin Giles,2005-09-26 What is the church In a day when people increasingly view the church as a relic of the past this may be the most important question Christians can ask themselves The logical starting point is Scripture In this thorough and engaging study of the church in the New Testament Kevin Giles concludes that the church is first and foremost a Christian community No other category offers greater breadth and depth of insight into its nature No other category offers such a challenge to Western individualism nor such promise for the revitalization of the church in the postmodern world What on Earth Is the Church is an exploration in New Testament theology a careful study of the ecclesial community from Jesus to Paul and on through to Revelation Each category of New Testament writings is carefully assessed with attention given to the early middle and late Pauline letters and to the theology of each Gospel Giles finds in the New Testament a community in transition never perfect always provisional and forever living in the tension between its present imperfection and its eschatological ideal The New Testament does not promise an original community to be recaptured but a variety of perspectives on being the community of God in changing social environments

## **What on Earth is the Church?**

Robert Thornton Henderson,2016-04-25 The author s focus and intention for this book was provoked by several stimuli One is that more than 50 percent of the world s population is under twenty five years of age and for the most part not formed by the church Secondly in the coffee shop where he hangs out when his conversation partners learn of his long career as a pastor they inevitably ask about the church What in the world is the church What is its purpose And thirdly it is provoked by the lament of a very gifted journalist and editor who rejected his strict Christian upbringing and has been in his adult years an avowed agnostic but who recently while visiting a monastery in Spain and hearing the monks chant their evening prayers sensed a longing for what he had forsaken These three stimuli have inspired this attempt at an alternative narrative to the essence of the church an attempt to give a definition to an inquirer from square one This book may not resonate with those who are content with religious Christianity and its familiar institutions Its timely message is this the church has got to be a thrilling and purposeful dimension of the good news of Jesus Christ
