the human act It argues that Aquinas takes a human act to be a composite of two power exercises where one relates to the other as form to matter The formal component is an act of the will and the material component is a power exercise caused by the will which Aquinas refers to as the commanded act The book also argues that Aquinas conceptualizes the act of free choice as a hylomorphic composite it is materially an act of the will but it inherits a form from reason As the book aims to show the core idea of Aquinas's hylomorphic action theory is that the exercise of one power can structure the exercise of another power and this provides a helpful way to think of the presence of cognition in conation and of intention in bodily movement

Polearms Of Paulus Hector Mair David James Knight,Brian Hunt,2008 Paulus Hector Mair was perhaps the most intriguing figure in the Liechtenauer tradition of German Renaissance martial arts An enthusiastic practitioner of fencing wrestling and other martial arts he was determined to preserve the knowledge of the combat arts of his time His dream is realized in this remarkable book by authors David James Knight and Brian Hunt Mair collected a vast combat library

including works by Jörg Wilhalm Antonius Rast Gregor Erhart and Sigmund Ringeck as well as copies of both the Codex Wallerstein and the K nigsegg Talhoffer manuscript Circa 1540 Mair produced the Opus Amplissimum de Arte Athletica or Ultimate Book of the Art of Athletics a massive compendium heavily influenced by the earlier works in his library but surpassing them in content and depth Today only three complete manuscripts of his Opus survive in German and Austrian collections In Polearms of Paulus Hector Mair authors Knight and Hunt make their contribution to the endeavor that Mair began so many centuries ago Working from both the German and Latin versions of Mair s Opus they present chapters on combat with the poleax halberd spear and shortstaff and lance and longstaff with text in the original German and Latin along with the English translation The illustrations taken from the Dresden codices C93 and C94 have been meticulously restored to give a clear view of the techniques This amazing volume a labor of love of the arts of combat belongs in the library of everyone with an interest in Renaissance martial arts The United States Catalog ,1908
