Where Once There Were Lions:

Monster of God: The Man-Eating Predator in the Jungles of History and the Mind David Quammen, 2004-09-17 Rich detail and vivid anecdotes of adventure A treasure trove of exotic fact and hard thinking New York Times Book Review For millennia lions tigers and their man eating kin have kept our dark scary forests dark and scary and their predatory majesty has been the stuff of folklore But by the year 2150 big predators may only exist on the other side of glass barriers and chain link fences Their gradual disappearance is changing the very nature of our existence We no longer occupy an intermediate position on the food chain instead we survey it invulnerably from above so far above that we are in danger of forgetting that we even belong to an ecosystem Casting his expert eye over the rapidly diminishing areas of wilderness where predators still reign the award winning author of *The Song of the Dodo* and *The Tangled Tree* examines the fate of lions in India's Gir forest of saltwater crocodiles in northern Australia of brown bears in the mountains of Romania and of Siberian tigers in the Russian Far East In the poignant and troublesome ferocity of these embattled creatures we recognize something primeval deep within us something in danger of vanishing forever Once There Were Castles Larry Millett, Take a tour of the lost mansions of the Twin Cities Cousin Geoffrey, the old bachelor. [By Harriet M. G. Smythies.] To which is added Claude Stocq. Edited by Theodore Hook Harriet Maria Gordon SMYTHIES, 1840 Cousin Geoffrey, the Old Bachelor. A Novel, to which is Added Claude Stocq Theodore Hook, 2025-08-03 Reprint of the original first published in 1840 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Once There Were Titans** Kevin Kiley, 2007-05 This is a masterly study of generalship in Napoleons Grande Arme Napoleon arguably had the greatest collection of military talent to ever serve one man working for him during the period 1800-15 The role of the Marshals of the Empire has been covered many times and due credit is also given to them here however for the first time Kevin Kiley also examines in depth the contribution of the generals who never made that rank Fifty two general officers some well known and some not are examined using the battles they fought to illustrate just how valuable they were From Marengo in 1800 to Ligny in 1815 both French victories and defeats are studied in meticulous detail each chapter covering a battle fought and the generals who commanded them Diverse source material has been consulted in the preparation of this volume including after action reports memoirs and correspondence from officers including Senarmont Eble Drouot Teste Marmont and Davout as well as from lesser known characters such as the artillerymen Boulart and Nol and the Polish cavalryman Nielewski who led the final dash up the pass of Somosierra Furthermore those closest to Napoleon such as Fain and Marchand give their piece and provide invaluable information Taken individually this material paints a vivid picture of the Grande Arme and those who led it into fire Taken as a whole it provides an invaluable source and tells the remarkable story of the officers without whom Napoleon could never have achieved as much **Youth's Companion**, 1840 The Banner of Israel, 1894
