The Dopamine Brain

Anastasia Hronis, 2024-09-03 Have you ever felt like you're lacking control over certain habits Are you curious about the neuroscience behind addictive behaviours What if you could understand how the brain works and use that knowledge to regain control over your habits and lead a more fulfilling life Sex shopping eating social media drugs and gambling are just some of the things that can trigger a release of dopamine a neurotransmitter in the brain that is involved in the brain's reward system The overindulgence of certain pursuits can disrupt the level of dopamine in our brain which can steer us towards habits that do not align with our core values Fortunately The Dopamine Brain offers a clear and practical way to help people find balance and harmony in their lives The book is divided into three parts that weave in the latest research in neuroscience and psychology case studies and reflective questions The first part delves into the inner workings of the brain helping you understand how dopamine works and identify activities that dopamine might have you hooked on This next part encourages you to explore and reflect on your core values and building a life that is meaningful enduring and satisfying The last part will help you to make the change with the help of sound psychological techniques By the end of this guide Dr Hronis

will help you feel empowered to make both pleasurable and purposeful choices leading to a full rich and meaningful life

Essentials of Marketing Analytics, 1e Joseph F. Hair (Jr.), Dana E. Harrison, Haya Ajjan, 2021 We developed this new book with enthusiasm and great optimism Marketing analytics is an exciting field to study and there are numerous emerging opportunities for students at the undergraduate level and particularly at the master's level. We live in a global, highly competitive, rapidly changing world that is increasingly influenced by digital data, expanded analytical capabilities, information technology, social media, artificial intelligence, and many other recent developments. We believe this book will become the premier source for new and essential knowledge in data analytics, particularly for situations related to marketing decision making that can benefit from marketing analytics, which is likely 80 percent of all challenges faced by organizations.
