watching the path of the tiny flame If you continue your path little spark you will cause great harm I must burn I must live  
There are places where your glow and heat are welcome Find them do not destroy the dwellings or take the lives of my  
people For a second he seemed to wink out of existence but then blazed back with renewed vigor Thrall knew what he had to  
do He lifted his hand Forgive me Brother Flame But I must protect my people from the harm you would cause them I have  
requested I have begged now I warn The spark seemed to spasm and yet he continued on his lethal course Thrall grim faced  
clenched his hand hard The spark flared defiantly then dwindled finally settling down to nothing more than the faintest of  
glowing embers For now he would no longer do anyone harm The threat had ended but Thrall was reeling This was not the  
way of the shaman with the elements It was a relationship of mutual respect not of threats and control and in the end  
destruction Oh the Spirit of Fire could never be extinguished It was far greater than anything any shaman or even group of  
shaman could ever attempt to do to him He was eternal as all the spirits of the elements were But this part of him this  
elemental manifestation had been defiant uncooperative And he had not been alone He was part of a disturbing trend of  
elements that were sullen and rebellious rather than cooperative And in the end Thrall had had to completely dominate him  
Other shaman were now calling rain to soak the city in case there was another aberrant spark that persisted in its course of  
devastation Thrall stood in the rain letting it soak him pour off his massive green shoulders and drip down his arms What in

and the warchief of the Horde has sensed a disturbing change Long ago Azeroth's destructive native elementals raged across the world until the benevolent titans imprisoned them within the Elemental Plane Despite the titans intervention many elementals have ended up back on Azeroth Over the ages shaman like Thrall have communed with these spirits and through patience and dedication learned to soothe roaring infernos bring rain to sun scorched lands and otherwise temper the elementals ruinous influence on the world of Azeroth Now Thrall has discovered that the elementals no longer heed the shaman's call The link shared with these spirits has grown thin and frayed as if Azeroth itself were under great duress While Thrall seeks answers to what ails the confused elements he also wrestles with the orcs precarious future as his people face dwindling supplies and growing hostility with their night elf neighbors Meanwhile King Varian Wrynn of Stormwind is considering violent action in response to mounting tensions between the Alliance and the Horde a hard line approach that threatens to alienate those closest to him including his son Anduin The conflicted young prince has set out to find his own path but in doing so he risks becoming entangled in political instability that is setting the world on edge The fate of Azeroth's great races is shrouded in a fog of uncertainty and the erratic behavior of the elemental spirits troubling though it is may only be the first ominous warning sign of the cataclysm to come     **Curse of the Were-woman** Jason M.
