Watching TV Harry Castleman, Walter J. Podrazik, 2024-12-16 Castleman and Podrazik present a season-by-season narrative that encompasses the eras of American television from the beginning in broadcast through cable and now streaming. They deftly navigate the dizzying array of contemporary choices so that no matter where you start on the media timeline, Watching TV provides the context and background to this multi-billion-dollar enterprise. Drawing on decades of research, the authors weave together personalities, popular shows, corporate strategies, historical events, and changing technologies, enhancing the main commentary with additional elements that include fall prime-time schedule grids for every season, date, box, timelines, highlighted key text, and selected photos. Full of facts, firsts, insights, and exploits from now back to the earliest days, Watching TV is the standard chronology of American television, and reading it is akin to channel surfing through history. The fourth edition updates the story into the 2020s and looks ahead to the next waves of change. This new edition is the first to also be available in a digital format.

Handbook of Research on Managerial Practices and Disruptive Innovation in Asia Ordoñez de Pablos, Patricia, Zhang, Xi, Chui, Kwok Tai, 2019-08-30. Collaboration in business allows for equitable opportunities and inclusive growth as the economy rises while also permitting partnering organizations to adopt and utilize the latest successful practices and management. However, a market in stasis may require a displacement in order to allow businesses to grow and create new alliances and partnerships toward a shared economy. There is a need for studies that seek to understand the necessity of market disruption and the best supervisory methods for remaining relevant and profitable in a time of change. The *Handbook of Research on Managerial Practices and Disruptive Innovation in Asia* is an essential reference source that explores successful executive behavior and business operations, striving toward a more inclusive economy. Featuring research on topics such as employee welfare, brand orientation, and entrepreneurship, this publication is ideally designed for human resources developers, policymakers, IT specialists, economists, executives, managers, corporate directors, information technologists, and academicians seeking current research focusing on innovative business factors and sustainable economies in Asia.

Smart Homes For Dummies Danny Briere, Hurley, 2003-01-03. Most people have had some contact with a network through their work environment, computer local area networks (LANs) in the office, control networks in factories, telephone networks in many mid-sized or larger businesses. The Internet itself is one big network. Although some folks may think of a network as simply something that helps them do their work, the network concept has begun to move from the workplace to the home address. Smart home builders and remodelers and forward-looking owners of otherwise perfect existing homes are starting to think in terms of wiring or wirelessing their homes both to make use of a network today and to prepare for future structural requirements. *Smart Homes For Dummies* 2nd Edition lays out a richly landscaped spread of possibilities in networking your home devices for convenience, cost control, time savings, safety, and increased property values. This forward-thinking, fun guide spells out how to imagine all the cool stuff that home networks can do. Make your home an entertainment center. Plan a phone system. Design a home-based LAN. Wire a security system. Install and configure all the
