Brookhart contend that improving student learning and achievement happens in the immediacy of an individual lesson what they call today's lesson or it doesn't happen at all. The key to making today's lesson meaningful. Learning targets Written from students point of view a learning target describes a lesson sized chunk of information and skills that students will come to know deeply. Each lesson's learning target connects to the next lesson's target enabling students to master a coherent series of challenges that ultimately lead to important curricular standards. Drawing from the authors extensive research and professional learning partnerships with classrooms schools and school districts this practical book Situates learning targets in a theory of action that students teachers principals and central office administrators can use to unify their efforts to raise student achievement and create a culture of evidence based results oriented practice. Provides strategies for designing learning targets that promote higher order thinking and foster student goal setting self assessment and self regulation. Explains how to design a strong performance of understanding an activity that produces evidence of students progress toward the learning target. Shows how to use learning targets to guide summative assessment and grading. Learning Targets also includes reproducible planning forms a classroom walk through guide a lesson planning process guide and guides to teacher and student self assessment. The Biblical Hero Elliott Rabin,2020-03-01 Approaching the Bible in an original way comparing biblical heroes to heroes in world literature Elliott Rabin addresses a core biblical question What is the Bible telling us about what it means to be a hero Focusing on the lives of six major biblical characters Moses Samson David Esther Abraham and Jacob Rabin examines their resemblance to hero types found in and perhaps drawn from other literatures and analyzes why the Bible depicts its heroes less gloriously than do the texts of other cultures Moses founds the nation of Israel and is short tempered and weak armed Samson arrogant and unhinged can kill a thousand enemies with his bare hands David establishes a centralized unified triumphal government through pretense and self deception Esther saves her people but marries a murderous misogynist king Abraham s relationships are wracked with tension Jacob fathers twelve tribes and wins his inheritance through deceit In the end is God the real hero Or is God too removed from human constraints to even be called a hero Ultimately Rabin excavates how the Bible s unique perspective on heroism can address our own deep seated need for human scale heroes
