Summative Report Template In Early Years:

100 Ideas for Early Years Practitioners: Observation, Assessment & Planning Marianne Sargent, 2018-05-03 100 Ideas for Early Years Practitioners Observation Assessment Planning is not only filled with easy to implement and practical ideas for the early years classroom but it also demonstrates why assessment is an important formative tool to help further children's learning. In this book early years expert and experienced author Marianne Sargent explains the cycle of observation assessment and planning with advice on how to carry out different types of observation guidance on how to make effective use of observations to assess children's knowledge and understanding and explanations for how to use this information to inform future planning. The book also offers ideas on how to carry out summative assessments as well as how to organise assessment information for reporting purposes. With the ever increasing focus on observation assessment and planning in the early years this book is a must have for all practitioners looking to effectively introduce all three into their setting while still ensuring the children in their care are in an environment where they can be confident, feel supported and still have fun as they grow and learn.

Assessment and Data Systems in Early Childhood Settings Claire McLachlan, Tara McLaughlin, Sue Cherrington, Karyn Aspden, 2023-01-01 This book describes the use of data systems in early childhood settings birth to eight years for the purposes of assessment evaluation and curriculum planning. It presents an international collection of research examining ways in which teachers and researchers have revisited notions of what constitutes effective assessment revised ways in which they assess children's learning and development and use the knowledge gained for curriculum planning. It offers insights into contemporary research on how teachers and children are engaging with data systems as part of effective assessment and how these approaches influence practice. This book presents recent theorizing and examples of research which have investigated innovative approaches to assessment using data systems in early years settings. It represents both early childhood and junior primary contexts and includes research which focusses on teachers' perspectives and reflections on use of data systems. It also examines research which reflects on what children gain from being involved in these data systems.

Understanding and Applying Assessment in Education Damian Murchan, Gerry Shiel, 2024-04-09 All teachers are responsible for assessing the children they teach and the outcomes of any assessment are important for individual learners, schools and wider education systems. Designed as a pragmatic guide for new teachers and those training to teach, this book is your one stop shop for understanding assessment in schools. It covers formative and summative approaches used across primary and secondary education supporting a balanced overview with policy examples drawn from the UK, Ireland and wider international contexts. This updated second edition reflects recent trends in assessment and includes more balanced coverage across primary and secondary age phases with a broader range of examples across curriculum subject areas, a new chapter on the potential of digital assessment for both formative and summative purposes, the impact of the COVID 19 pandemic on assessment in general and examinations in particular. Damian Murchan is Associate
