

A painting of a sunset over a lake. The sun is low on the horizon, casting a golden glow across the sky and reflecting on the water. A sailboat with white sails is visible in the distance. In the foreground, a wooden pier extends into the water, and two children are standing on it. One child is holding a bicycle. The overall mood is peaceful and nostalgic.

Dantini,2017-11-22 Thou Shalt Not is a story of faith forgiveness and spiritual redemption The prime mover is Father Thomas Delaney an errant priest who in the throes of renouncing his vocation works a miracle The story is told against the backdrop of a Roman Catholic Church witnessing a 40 percent falloff in ordinations since 1965 child abuse evolving sexual orientation among its clergy and the stifling vows of celibacy and obedience A 38 year old nonconformist Father Delaney is torn between the vows he took at his Boston seminary and the debilitating doubts that plague him Unable to rationalize his commitment to the centuries old dictates of the Vatican he lashes out against everything he once held sacred including his vow of celibacy Delaney reaches a point where he can no longer define what it is to be a priest He suspects that his salvation can only come at the hands of divine intervention in a booming voice from a billowing cloud that tells him unequivocally which way to go

Webb City Harve E. Rawson,2001-04-04 A psychologist authored this nostalgic look at a small Ozark town Webb City Missouri from the depths of the Great Depression to the end of the Post World War II Era It is a beautiful tribute and affirmation of so called middle America and small town values and attempts to demonstrate how small interactions in a childs life make a tremendous difference The story is unique the tales are told as seen through the eyes of a perky bright rather independent red haired boy who finds out for himself the good and bad of people examines the values people use to give meaning to their lives explores the deep prejudices and hero worship that hinder their growth and most importantly discovers that most people are on your side when the going gets rough The ugliness of the Great Depression the chronic unemployment the hunger the feelings of worthlessness the poor health the absolute despair is the setting for the first part of the story as Ozarkians struggle to survive and retain human dignity in the process Neighbors help each other simply because they know they may be the next to need help employment is shared because it is dignifying self reliance is given the highest priority but schooling and learning is never neglected On the contrary it is given new importance as the way out of this mess World War II eventually effects even this remote little town in the Ozarks The unemployment crises ends but the town sacrifices its best to the Armed Services its minerals are exploited callously without environmental regard and new prejudices emerge with are damaging to all The end of the War brings much greater material prosperity but the old social order is rapidly collapsing Rigid racial segregation becomes untenable families are moving to new opportunities and

technology threatens many social institutions which once seemed to serve so well Within this background the author relates those childhood experiences that shaped him as an adult Each family member each neighbor each job each institution each friend all molded his character and all taught him valuable lessons for dealing with both personal and professional life This is a collection of parables It is not an autobiography It is not a book of nostalgia It is not a history of the Depression or World War II It is not a history of Webb City It is a series of tales teaching tales that show how sometimes seemingly small incidents in a child's life can change them forever It also clearly demonstrates that we are always affecting others by what we do especially children The parables cover altruism avarice selflessness sharing sacrifice giving self centeredness devotion loyalty concern patriotism love of learning poverty poor health unemployment racial and religious prejudice insensitivity callousness religious beliefs greed and quite a few other human foibles and strengths This book part of the Tales of the Ozarks series contains material from some events of Webb City over 50 years ago including references to actual places people and events it must be read as a work of reimagined memory which is as we all know a form of fiction Certain historical facts sequencing of events peoples motives and intents and even dialogue may not be accurate A companion CD of these tales and others entitled Tales of the Ozarks will soon be available
