Such a relationship involves a radical commitment to support each other's truth and greatness. In their broader vision of a committed relationship, the Gleasons encourage and invite couples to claim their human potential through unlocking their full range of sincere and transformative emotions. In most marriages, these responses are hidden, avoiding precisely those areas where the greatest potential for growth and fulfillment exist. According to the Gleasons, a relationship is a living experience which allows couples to move between needs for security and connection and the human impulses toward adventure and creativity. By letting go of their control patterns, partners can free up their capacity to laugh, cry, shout, tremble, and soar together and individually. *Going All The Way* is a sincere invitation for couples to claim their emotional birthright and to have a truly Exceptional Marriage. *Building a Reality-Based Relationship* Liberty Kovacs, 2007-12. Along the way, they develop a clearer understanding of their identities as individuals and of their fit together. Dr. Kovacs has used her powerful marriage model with thousands of couples with an overwhelmingly positive response, and in this invaluable and interactive workbook, she delivers all the tools you and your partner need to explore and develop your own identities, further your understanding of individual couple and family dynamics, increasingly value one another, lay a foundation for a relationship based on mutual love and respect.
