## **Whats Wrong With Ethnography Methodological Explorations:**

**What's Wrong with Ethnography?** Martyn Hammersley,1992 A fresh look at the rationale for and distinctiveness of ethnographic research The policy and political implications of ethnography are a particular focus of attention **Routledge Revivals** Martyn Hammersley,2018-05-22 Originally published 1992 What's Wrong With Ethnography provides a fresh look at the rationale for and distinctiveness of ethnographic research in sociology education and related fields Relativism critical theory the uniqueness of the case study and the distinction between qualitative and quantitative research are all examined and found wanting as a basis for informed ethnography The policy and political implications of ethnography are a particular focus of attention The author compels the reader to re examine some basic methodological assumptions in an exciting way

*What's Wrong with Ethnography?* Martyn Hammersley,2006 A Realist Approach for Qualitative Research Joseph A. Maxwell,2012 This ground breaking book makes the case for adopting a realist philosophical perspective for qualitative research Joseph Maxwell argues for critically applying a realist ontology to a number of important theoretical and methodological issues This can provide a stronger justification for what qualitative researchers do he contends and significantly contribute to current theories and practices The book outlines critical realism and considers its implications for how we conceptualize meaning and culture causation and diversity The author applies critical realist ideas and approaches to the design and methods of qualitative research and presents two in depth case studies of projects he conducted describing how realist and other perspectives informed the research the methods and the conclusions Cultural Methodologies Jim McGuigan,1997-11-21 Cultural Methodologies illustrates the distinctiveness and coherence of cultural studies as a site of interaction between the humanities and the social sciences Topics covered include the relationship between critical theory and cultural studies the pragmatics of cultural research and education ethical questions and research purposes the role of feminism in cultural studies the uses of autobiography the analysis of city cultures textual analysis and ethnographic procedures constructions of identity in relation to race sexuality and nationhood the use of qualitative and quantitative data and some of the main issues involved in generating research findings for a thesis or other publication The book is written for students either commencing or intending to do research in cultural studies It stresses how necessary it is to consider and plan very carefully the rationales and principles in research while avoiding the straitjacket of methodolatory

**Intersectional Feminist Research Methodologies** Jennifer Cooke,Line Nyhagen,2024-08-14 Intersectional Feminist Research Methodologies Applications in the Social Sciences and Humanities is a multi disciplinary volume in which emerging and established scholars present new feminist research methods and re evaluate existing approaches This collection examines how both new and established feminist methods address intersecting identities and structures of inequality including gender race sexuality and class Each chapter provides a case study of a methodology or methodologies that have been adopted developed or adapted within the author's field including sociology criminology political science history

literature and performance studies The volume articulates the importance of knowledge production that arises from the situated and lived experiences of individuals groups and communities It discusses how we survive as feminists in today's neoliberal universities and includes research on trans and nonbinary people Indonesian history and the MeToo movement world literature from the Philippines memory work and crime on the London transport network The contributors engage with intersectionality in different ways but collectively they demonstrate the pervasiveness of intersectional thinking and practice in feminist scholarship today Intersectional Feminist Research Methodologies will be of value to both undergraduate and graduate students conducting research as well as doctoral researchers and more established feminist researchers

**Qualitative Inquiry—Past, Present, and Future** Norman K Denzin, Michael D Giardina, 2016-07 In this critical reader the best writing of two dozen key figures in qualitative research is gathered together to help students to identify emerging themes in the field and the latest thinking of the leaders in qualitative inquiry These groundbreaking articles are pulled from a decade of social justice focused plenary volumes emanating from the annual International Congress of Qualitative Inquiry These are the ideas that have helped shape the landscape of the field over the past decade This work brings together the latest work of 25 leading figures in qualitative research from 4 continents addresses the central themes of the field over the past decade in theory methodology politics and interventions includes contextualizing essays by the volume editors who direct the Congress

**M2 Models and Methodologies for Community Engagement** Reena Tiwari, Marina Lommerse, Dianne Smith, 2014-03-10 How can we engage communities What is empowerment To what extent should the project process be participatory How is an outsider insider relationship handled How do researchers negotiate with the hegemony of western cultural interpretations How are organizational and contextual influences handled in a project What leadership demands do such projects place on researchers What is capacity building What are creative leaders and creative communities How does the researcher journey from their studio to the situation M2 Models and Methodologies for Community Engagement discusses key theoretical constructs community engagement capacity building and community empowerment in order to demonstrate how theory and practice are relevant to the development of forms of community involvement The book maps the attributes of community based projects by moving beyond simply bringing people together from a variety of disciplines and taking an approach which is transdisciplinary and applicable across cultures and genres Here all people including the community are ongoing contributors and can freely move between their own and others discipline specific arenas M2 differs from and extends on other works in this field of practice and research in that its transdisciplinary collaborative approach positions the community as a particular kind of discipline to create real change in diverse locations and fields of experience The book is in itself a model of community engagement as the researchers have formed a community of research and practice for change and have developed a transformative model for community engagement that is greater than the sum of its parts hence M2 M2 offers a valuable resource for students researchers
