

A photograph of Pope Benedict XVI in his papal vestments. He is wearing a white zucchetto, a purple chasuble over a white alb, and a golden pectoral. He is looking down and to his left with a serious expression. His right hand is resting on the back of a large, ornate golden chair. The background is dark and out of focus.

The Universal Father

Garry O'Connor,2008-12-12 Pope John Paul II is universally considered one of the great leaders of the twentieth century for his resolute resistance to Soviet Communism for his steadfast opposition to war and for opening up the papacy to ordinary people He will go down in history not only as the third longest serving pope but possibly the most politically influential of all 305 popes and antipopes since St Peter Born in Poland in 1920 Karol Wojtyla s early life experiences were of intense love and intense loss he was eight when his mother died twelve when his older brother died of scarlet fever and twenty when his severe but loving father died during the Nazi occupation An athlete a gifted poet playwright and actor by 1944 after a near fatal accident Wojtyla was studying for the priesthood in secret So began a lifelong quest to understand good and evil in the human heart Five years in the making Universal Father is a vivid and scrupulously researched portrait of this extraordinary man Beginning with Wojtyla s trying childhood and his early years as a priest in rural Poland and continuing on to his travels to Rome and his subsequent papal reign O Connor s biography is unparalleled for the attention it also gives to the inner man including a subtle analysis of the pope s own poems plays and philosophical works An exploration of both the personal tragedies in the pope s life among them the assassination attempt in 1981 and the public triumphs such as the great public confrontations with Soviet Communism in his native Poland Universal Father is a revealing and profoundly moving testament

The Ethics of Forgiveness Christel Fricke, 2011 We are often pressed to forgive or in need of forgiveness Wrongdoing is common Even after a perpetrator has been taken to court and punished forgiveness still has a role to play How should a victim and a perpetrator relate to each other outside the courtroom and how should others relate to them Communicating about forgiveness is particularly urgent in cases of civil war and crimes against humanity inside a community where if there were no forgiveness the community would fall apart Forgiveness is governed by social and in particular by moral norms Do those who ask to be forgiven have to fulfil certain conditions for being granted forgiveness And what does the granting of forgiveness consist in We may feel like refusing to forgive those perpetrators who have committed the most horrendous crimes But is such a refusal justified even if they repent their crimes Could there be a duty for the victim to forgive Can forgiveness be granted by a third party Under which conditions may we forgive ourselves The papers collected in the present volume address all these questions exploring the practice of forgiveness and its normative constraints Topics include the ancient Chinese and the Christian traditions of forgiveness the impact of forgiveness on the moral dignity and self respect of the victim self forgiveness the narrative of forgiveness as well as the limits of forgiveness Such limits may arise from the personal historical or political conditions of wrongdoing or from the emotional constraints of the victims
