K. Olukoya, 2016-02-22 Christians are the prime targets of the devil the common enemy of mankind Now more than ever he unleashes his rage and destruction against people because he knows that his time is short Christians especially experience strange attacks both physical and spiritual day and night In such conditions we are not expected to be helpless or defenceless rather we are supposed to pray and subdue the enemies who have come to attack us and quench them as the fire of thorns *When Your Destiny is Under Attack* Shade Olukoya, 2014-06-27 when your destiny is under attack is a book vomited by the Holy Ghost to enable multitudes become winners in the battle for their destiny Written with insight prophetic freshness and practical relevance to true life situations it is a book that will bless many lives Practical instructions are offered important questions are answered hidden areas are uncovered while powerful prayer points are included This book will teach you what to do when your destiny is under attack **Your Children Are Under Attack** Jim Taylor, 2005 How to protect your children from popular culture *Congressional Record* United States. Congress, 1996 **Christian Arbitrator and Messenger of Peace**, 1920 *United States Strategic Bombing Survey*, 1946 **Armed in America** Patrick J. Charles (Historian), 2018 NOW WITH A NEW PREFACE THAT BRINGS THE FRAUGHT GUN RIGHTS CONTROVERSY UP TO DATE This accessible legal history describes the way in which the Second Amendment was interpreted throughout most of American history and shows that today's gun rights advocates have drastically departed from the long held interpretation of the right to bear arms This illuminating study traces the transformation of the right to arms from its inception in English and colonial American law to today's impassioned gun control debate As historian and legal scholar Patrick J Charles shows what the right to arms means to Americans as well as what it legally protects has changed drastically since its first appearance in the 1689 Declaration of Rights *Armed in America* explores how and why the right to arms transformed at different points in history The right was initially meant to serve as a parliamentary right of resistance yet by the ratification of the Second Amendment in 1791 the right had become indispensably intertwined with civic republicanism As the United States progressed into the 19th century the right continued to change this time away from civic republicanism and towards the individual right understanding that is known today albeit with the important caveat that the right could be severely restricted by the government's police power Throughout the 20th century this understanding of the right remained the predominant view But

working behind the scenes was the beginnings of the gun rights movement a movement that was started in the early 20th century through the collective efforts of sporting magazine editors and was eventually commandeered by the National Rifle Association to become the gun rights movement known today Now with a new preface that brings the fraught gun rights controversy up to date this book is an invaluable resource for readers looking to sort through the shrill rhetoric surrounding the current gun debate and arrive at an informed understanding of the legal and historical development of the right to arms
