**Jews and Heretics in Catholic Poland** Magda Teter, 2005-12-26 Jews and Heretics in Catholic Poland takes issue with historians common contention that the Catholic Church triumphed in Counter reformation Poland In fact the Church s own sources show that the story is far more complex From the rise of the Reformation and the rapid dissemination of these new ideas through printing the Catholic Church was overcome with a strong sense of insecurity The infidel Jews enemies of Christianity became symbols of the Church s weakness and simultaneously instruments of its defence against all of its other adversaries This process helped form a Polish identity that led in the case of Jews to racial anti Semitism and to the exclusion of Jews from the category of Poles This book portrays Jews not only as victims of Church persecution but as active participants in Polish society who as allies of the nobles placed in positions of power had more influence than has been recognised

**Reading Shakespeare in Jewish Theological Frameworks** Caroline Wiesenthal Lion, 2022-08-24 Reading Shakespeare in Jewish Theological Frameworks Shylock Beyond the Holocaust uses Jewish theology to mount a courageous new reading of a four hundred year old play The Merchant of Venice While victimhood and antisemitism have been the understandable focus of the Merchant critical history for decades Lion urges scholars performers and readers to see beyond the racism in Shakespeare s plays by recovering Shakespearean themes of potentiality and human flourishing as they emerge within the Jewish tradition itself Lion joins the race conversation in Shakespeare studies today by drawing on the intellectual history and oppression of the Jewish people borrowing from thinkers Franz Rosenzweig and Abraham Joshua Heschel as well as Hannah Arendt Walter Benjamin Jacques Derrida Emmanuel Levinas and rabbis from the Talmud to today This volume interweaves post confessional Protestant Catholic Muslim Jewish and mystical ideas with Shakespeare s poetry and opens conversations of prophecy love spirituality care and community It concludes with brief critical sketches of Antony and Cleopatra Hamlet and Macbeth to demonstrate that Shakespeare when interpreted through Jewish theological frameworks can point to post credal solutions and transformed societal paradigms of repair that encourage action and the
